

Circleville Motorist Killed In Collision of Car, Train

TWISTED WRECKAGE — This is the remains of a car driven by Russell E. Cupp, 27, who was killed about 2:25 p. m. yesterday when the auto collided with a northbound N&W train at the Washington St. crossing. The auto was dragged to this point near the railroad tower on S. Court St. before it became disengaged from the train's engine. The victim, thrown to the ground near the area where the auto was dislodged, was pronounced dead on arrival at Berger Hospital.

Funeral services will be 1:30 p. m. Thursday for Russell E. Cupp, 27, of 962 S. Washington St., who was fatally injured here yesterday when his car was struck by a Norfolk & Western train.

The collision, at the S.

Washington St. crossing, came at 2:25 p. m. Mr. Cupp, father of two children, was pronounced dead on arrival at Berger Hospital at 2:40 p. m. Death was attributed to mas- sive body injuries.

The double diesel unit, pulling

194 cars, was northbound from Portsmouth to Columbus. The victim was headed north on Washington St. It was raining at the time.

Officers said Cupp appar- ently tried to clear the crossing ahead of the train. His destina-

U.S. Selects China Targets

General Reports Missiles Ready

WASHINGTON (AP)—A top Air Force missile general says the United States has targets picked out in Red China and could destroy key com- mand and industrial centers in the event of a general war.

The officer, Maj. Gen. John P. Lavelle, indicated Peking's new nuclear facility was one of those targets.

Lavelle, a deputy chief of staff and director of aerospace programs, testified Feb. 23 on the Air Force budget at a closed hearing of a House Appropria- tions subcommittee. His cen- sored testimony was made pub- lic today.

Lavelle said in reply to ques- tions that the United States, if attacked, would have the capa- bility of simultaneously hitting targets in Red China, the Soviet Union and "a satellite area." He said the missiles would in- flict what the Pentagon calls "unacceptably high levels of destruction."

However, he noted Red Chi- na's industry "is spread out in small factories everywhere and we would not have the same capacity with the Chinese indus- try."

But, Lavelle added, "our the- ater forces should be able to inflict an unacceptable level of destruction" on Red China.

He did not elaborate on what he meant by theater forces. Presumably he was referring to Air Force and other units in the Pacific area rather than to strate- gic missiles and bombers.

Rep. Robert L. F. Sikes, D-Fla., an Army Reserve major general asked Lavelle, "What would you do to their ability to field and feed troops who would be expected to pour like ants all over Southeast Asia?"

Lavelle expressed the belief "we can take out their govern- ment, their command and con- trol capability, which in Red China is pretty highly central- ized."

Sikes reminded Lavelle that even though much of Red Chi- na's industry is scattered there are certain key areas.

Non-Pilot Builds His Own Airplane

SAN FRANCISCO (AP) — After two and a half years, An- drew T. Johnson finished build- ing an airplane in the basement garage of his San Francisco resi- dence.

"I bought a set of plans. Then I just started out and built her," Johnson told neighbors as he pushed the bright red craft into his driveway.

The entire plane, except for the 125-horsepower engine, is homemade, he said. It has a 27-foot wingspan and is 19 feet long.

Now he has to figure out what to do with it.

Johnson does not know how to fly.

RIVER UP — The Scioto River overflowed its banks during the weekend and is expected to reach a crest of 16' feet early tomorrow. Here the flood water is shown rushing under Route 22 just west of the city.

City in Illinois Is Flooded by Old Man River

By THE ASSOCIATED PRESS

Muddy floodwater rolled through an industrial area of Rock Island, Ill., today as vol- unteers labored to keep the swirling Mississippi River from rushing into a residential sec- tion.

City officials feared a three- mile earthen dike would break, sending the water into a 300 home housing project of 1,200 residents.

The floodwaters, which have driven more than 60,000 persons from their homes in three states, were fed by heavy rains over the weekend.

The U.S. Weather Bureau said the worst is still to come.

The flood crest of the Missis- sippi moving downstream from Dubuque, Iowa, will combine with the flow from tributaries to produce more floods by next weekend, the Weather Bureau said.

The floods will occur from Keokuk, Iowa, through Hanni- bal, Mo., the bureau said. "This will be a critical flood situation for the entire area and local officials and the public should take steps to prepare for the rises."

The Quad Cities area in Illi- nois and Iowa with a combined population of 250,000 was the prime danger spot. The area is

composed of Moline, Rock Is- land and East Moline, Ill., and Davenport, Iowa.

In Rock Island, workers la- bored around the clock to rein- force the earthen dam, the only protection for the housing com- plex. Most residents had been evacuated after a warning from Mayor Forrest Muhleman that water was seeping through the dike. More than 1,000 volunteers worked with Army engineers to reinforce the levee.

Another dike broke in Rock (Continued on Page 12)

Segregation Show Staged In Atlanta

ATLANTA, Ga. (AP) — More than 1,000 cheering, sign-waving whites paraded through down- town Atlanta Sunday behind segregationist Lester Maddox, ignoring heavy rain showers, but detouring when a smoke bomb was thrown in their line of march.

Maddox, the former restau- rant owner who was the first person convicted under the 1964 Civil Rights Act, set up the march. He said it was to protest governmental takeover of pri- vate property rights.

Maddox, who spoke to the group later beside a city park, charged that the federal govern- ment is enforcing only the por- tions of the U.S. Constitution "resulting in centralization of government, loss of private property rights and loss of in- dividual freedom."

The balking, 49-year-old seg- regationist read a petition which he said would be pre- sented to President Johnson and members of Congress. It asked specific sections of the Con- stitution be enforced.

Maddox indicated that if the petition is ignored, he would stage another Atlanta march and possibly one in Washington.

"The next one in Atlanta could well be 200,000 people," he said, "and a march in Washing- ton, if we have one, may draw two million."

President Schedules TV News Conference

WASHINGTON (AP) — Presi- dent Johnson's news conference Tuesday will be held in the White House at 3 p. m. EST. Press secretary George E. Reedy, in announcing this to- day, said it will be open to live coverage of television and radio networks.

Johnson said more than a month ago he would have about one news conference a month with advance notice. This is the first such conference since then.

Rainfall Here 1.79 Inches

Scioto River Expected To Crest at 16 Feet

Heavy rainfall totaling 1.79 inches during the weekend has caused the Scioto River to leave its banks.

The river is expected to crest here early tomorrow at 10' feet, according to the weather bureau.

The local weather observer reported a river reading of 15.3 and rising early this morning. Flood stage here is 14 feet.

Only one road in the county is reported closed because of high water. It is the Red Bridge-East Ringgold Road west of State Route 23.

A spokesman for the County Highway Department said if the river reaches its expected crest, the Canal Road will be closed by nightfall.

Surface water accumulations last night caused the county to close the South Bloomfield-Royalton Road. It was reopened early today.

The surface water also cre- ated some hazardous driving conditions during the night.

The latest weather bureau prediction calls for no more im- mediate rain in this vicinity.

New Steel Wage Offer Said Coming

PITTSBURGH, Pa. (AP) — The steel industry was reported ready today to raise its offer of a two-per cent pay hike for the United Steelworkers Union in exchange for a strike postpone- ment.

It was the first time negotia- tions for 11 major steel com- panies were reported ready to sweeten the pot in their high stakes poker game with the union.

The development came amid signs of strong pressure from the Johnson administration, which believes a strike would be a disaster to the nation's boom- ing economy.

There was no indication of just how much the industry was willing to boost the ante to post- pone Saturday's 12:01 a. m. strike deadline.

The industry's previous 2 per cent offer, estimated as amounting to 5 to 7 cents, is a long way from union demands totaling 17.9 cents an hour.

While the industry's new offer was worked out in secret, top administration officials in Washington warned a steel strike would take the steam out of the economic boom for which President Johnson claims major credit.

Louise Dresser Dies

HOLLYWOOD (AP) — Fu- neral services will be held Thursday for Louise Dresser, silent film costar of Will Rogers. Miss Dresser, 82, died Saturday after having undergone surgery March 13 for an intestinal ob- struction.

Red Buildup On Increase

McNamara Outlines U.S. Position There

WASHINGTON (AP) — Sec- retary of Defense Robert S. Mc- Namara said today Communist aggression against South Viet Nam "has grown progressively more flagrant" but there is no military requirement for the use of nuclear weapons.

A regular North Vietnamese battalion of 400 to 500 men is now in the South, he said, ad- ding that some 39,000 Commu- nists in all have crossed the border to join the fighting.

These forces, plus other Viet Cong guerrillas already there, have lost 89,000 men killed, the secretary said.

McNamara, reporting on the Viet Nam fighting in a news conference carried nationally by radio and television, said the war is costing the United States about \$1.5 billion a year, \$800 million of it for U.S. land, sea and air forces directly involved in the fighting.

He opened with a 16-minute statement and then answered questions.

Among other things he said: —There is clear evidence that the nearly three months of bombings of highways, bridges, railroads and other infiltration facilities in the North had caused the Communists morale problems and have made them

(Continued on Page Two)

Reds Say U.S. Uses Nuclear 'Blackmail'

UNITED NATIONS, N.Y. (AP) — The Soviet Union today launched a general attack on U.S. foreign policy, including U.S. operations in Viet Nam, and accused the United States of using "nuclear blackmail" against countries of Southeast Asia.

The attack was made before the 114-nation U.N. Disarma- ment Commission by Soviet Ambassador Nikolai T. Fedorenko, who charged the United States was trying to hinder disarmament talks while lead- ing the world in a "mad arms race."

He declared further that the United States had nuclear sub- marines in the Southeast Asia area, as well as missiles with nuclear warheads. He suggested that the United States is now regarding "another Asian coun- try" as an objective of the same kind of weapons used during Nagasaki and Hiroshima during World War II. This seemed to be an obvious reference to pos- sible use of nuclear weapons in the Viet Nam war.

Fedorenko demanded the dis- mantling of all foreign military bases and the withdrawal of military forces from foreign soil. In this connection, he said the United States had more than a million men stationed on for- eign territory.

3 Children Killed As Ride Collapses

DETROIT (AP) — A carnival amusement ride that collapsed at a suburban shopping center claimed the life of a third child Sunday, shortly after two state legislators said they would push for safety inspection laws.

Nancy Lee Matthews, 8, died of injuries suffered in the Saturday accident in Taylor Township that killed Sharon Hawks, 14, and her brother, Grant Thomas Hawks, 12.

The three were riding the "Sky Comet" with Nancy's sis- ter, Susan Raye Matthews, 10, and a cousin, Bonnie Matthews, 8, both of whom are in critical condition.

Police said they think a con- necting shackle broke, dropping the bucket seat to the ground where it was dragged some 75 yards before the machine could be turned off.

India Alerts Armed Force In Fuss with Pakistan

NEW DELHI, India (AP) — India alerted its armed forces today and recalled all personnel on leave as Defense Minister Y. B. Chavan declared that large Pakistani forces were attacking along India's western border.

Chavan told Parliament a bri-

Coup Upsets Dominicans

SANTO DOMINGO, Domin- ican Republic (AP) — Domin- ican air force planes today strafed barracks and positions of army rebels seeking to return ex-President Juan D. Bosch to power.

The planes took off in support of Brig. Gen. Elias Wessin y Wessin, whose tank force is bot- tled up at the San Isidro airbase outside this capital. Wessin is opposed to Bosch's return, al- though he apparently had now consented to the removal of the civilian junta headed by Donald Reid Cabral.

Rebel troops blocked off ap- proaches to the capital from San Isidro.

There was no report whether the air strikes were successful. Details also were lacking in re- spect to casualties.

The provisional government set up by the rebel military commanders after their take- over Sunday announced that Wessin had been ordered dis- charged as commander of the armed forces.

Rebel leaders said they in- tended to restore Bosch to power. He was ousted in September 1963.

In San Juan, Puerto Rico, where Bosch has been in exile, he was reported waiting in his apartment for clarification of the situation in his homeland.

The air force and old guard military elements demanded that a military junta rule this small Caribbean republic which divides the island of Hispaniola with Haiti.

Confusion prevailed in the interim.

Air Force P51 Mustangs strafed the presidential palace Sunday and the 16th of August army camp — headquarters of the rebel officers — outside the city.

Donald Reid Cabral, chief of the ousted civilian junta, and Ramon Caeceres Troncoso, the other junta member, apparently were being detained in the palace. They issued statements of resignation, saying they would return to private business life.

Revival of KKK In Ohio Is Sought

CINCINNATI (AP) — William Hugh Morris, a Buchanan, Ga., contractor who identified him- self as "emperor of the Invisi- ble Empire of the Ku Klux Klan in America," said that efforts are being made to re- vival the Klan in Ohio.

Morris said he is starting a two-weeks organizational drive to "re-establish dormant chap- ters and increase the political potency of the Klan" in Ohio.

He said the Klan plans to hold a "mammoth rally" on private property near Lebanon in War- ren County on May 23.

3 DEAD IN 1965

tion was not immediately de- termined. There were no pas- sengers in the car.

ACCORDING to Arch Thomp- son, train engineer, his unit was traveling about 42 miles per hour. Neither he nor fire- man Ollie Stiles saw the auto before the crash.

The car was dragged from the Washington St. crossing to the crossing on S. Court St. It finally broke away from the en- gine near the N&W tower. The victim was thrown from the auto at this point.

According to police, seat belts had been installed in the car, owned by John Fyffe, P. 3. Officers were unable to de- termine whether the victim had been using them.

Police Sgt. Turney Ross reported that all crossings in the city were blocked until debris could be cleared. The train was able to continue on its way at 3:18 p. m.

Sheriff Dwight Radcliff, who (Continued on Page Two)

Newspapers' Opportunities Are Detailed

SYRACUSE, N.Y. (AP) — Paul Miller, president of the Gannett Newspapers and The Associated Press, said Sunday night that a group or chain of newspapers has special oppor- tunities for great public service.

He spoke at the annual wards dinner of the Syracuse Univer- sity School of Journalism. He received the school's medal for distinguished service to jour- nalism.

Chains and groups of news- papers, Miller asserted, have been in the forefront in fur- thering the education and training of newspapermen.

In giving local autonomy to their newspapers, Miller de- clared, chains or groups of newspapers can practice good journalism and good business.

He said that a newspaper group had all the advantages of single paper ownership, "plus some that are beyond the reach of all but the most successful individual newspapers."

Miller added, however, that he did not foresee the day when all daily newspapers, or even half of them, would be under a chain or group ownership.

Indian Firefighters Routed by Black Bear

SILVER CITY, N.M. (AP) — It wasn't Smokey the Bear that charged a group of Indian fire- fighters Sunday.

The Indians were among 189 men fighting a 250-acre fire in the Gila National Forest east of Silver City when a black bear broke through the fire line after things got too hot.

A U.S. Forest Service official said it took quite some time to regroup the Indians.

Circleville Motorist Killed In Collision of Car, Train

TWISTED WRECKAGE — This is the remains of a car driven by Russell E. Cupp, 27, who was killed about 2:25 p. m. yesterday when the auto collided with a northbound N&W train at the Washington St. crossing. The auto was dragged to this point near the railroad tower on S. Court St. before it became disengaged from the train's engine. The victim, thrown to the ground near the area where the auto was dislodged, was pronounced dead on arrival at Berger Hospital.

Funeral services will be 1:30 p. m. Thursday for Russell E. Cupp, 27, of 962 S. Washington St., who was fatally injured here yesterday when his car was struck by a Norfolk & Western train.

The collision, at the S. Washington St. crossing, came at 2:25 p. m. Mr. Cupp, father of two children, was pronounced dead on arrival at Berger Hospital at 2:40 p. m. Death was attributed to massive body injuries.

The double diesel unit, pulling 194 cars, was northbound from Portsmouth to Columbus. The victim was headed north on Washington St. It was raining at the time.

Officers said Cupp apparently tried to clear the crossing ahead of the train. His destination was not immediately determined. There were no passengers in the car.

U.S. Selects China Targets

General Reports Missiles Ready

WASHINGTON (AP)—A top Air Force missile general says the United States has targets picked out in Red China and could destroy key command and industrial centers in the event of a general war.

The officer, Maj. Gen. John P. Lavelle, indicated Peking's new nuclear facility was one of those targets.

Lavelle, a deputy chief of staff and director of aerospace programs, testified Feb. 23 on the Air Force budget at a closed hearing of a House Appropriations subcommittee. His censored testimony was made public today.

Lavelle said in reply to questions that the United States, if attacked, would have the capability of simultaneously hitting targets in Red China, the Soviet Union and "a satellite area." He said the missiles would inflict what the Pentagon calls "unacceptably high levels of destruction."

However, he noted Red China's industry "is spread out in small factories everywhere and we would not have the same capacity with the Chinese industry."

But, Lavelle added, "our theater forces should be able to inflict an unacceptable level of destruction" on Red China.

He did not elaborate on what he meant by theater forces. Presumably he was referring to Air Force and other units in the Pacific area rather than to strategic missiles and bombers.

Rep. Robert L. F. Sikes, D-Fla., an Army Reserve major general asked Lavelle, "What would you do to their ability to field and feed troops who would be expected to pour like ants all over Southeast Asia?"

Lavelle expressed the belief "we can take out their government, their command and control capability, which in Red China is pretty highly centralized."

Sikes reminded Lavelle that even though much of Red China's industry is scattered there are certain key areas.

RIVER UP — The Scioto River overflowed its banks during the weekend and is expected to reach a crest of 16 feet early tomorrow. Here the flood water is shown rushing under Route 22 just west of the city.

City in Illinois Is Flooded by Old Man River

By THE ASSOCIATED PRESS

Muddy floodwater rolled through an industrial area of Rock Island, Ill., today as volunteers labored to keep the swirling Mississippi River from rushing into a residential section.

City officials feared a three-mile earthen dike would break, sending the water into a 300-home housing project of 1,200 residents.

The floodwaters, which have driven more than 60,000 persons from their homes in three states, were fed by heavy rains over the weekend.

The U.S. Weather Bureau said the worst is still to come.

The flood crest of the Mississippi moving downstream from Dubuque, Iowa, will combine with the flow from tributaries to produce more floods by next weekend, the Weather Bureau said.

The floods will occur from Keokuk, Iowa, through Hannibal, Mo., the bureau said. "This will be a critical flood situation for the entire area and local officials and the public should take steps to prepare for the rises."

The Quad Cities area in Illinois and Iowa with a combined population of 250,000 was the prime danger spot. The area is

North Ohio Given New Storm Scare

COLUMBUS, Ohio (AP)—Tornado-jittery Northern Ohio, still recovering from Palm Sunday's devastating twisters, had a scare Sunday with forecasts of a possible repeat performance.

The U.S. Weather Bureau alerted residents Sunday evening to the possibility of severe thunderstorms, hail, damaging winds and a few tornadoes during the night.

But the severe weather failed to develop and the "all clear" was sounded at 10:13 p. m., EST.

Weathermen said thunderstorms or tornadoes could have accompanied a cold front that was approaching Northwest Ohio. Severe weather warnings also were posted for portions of Northern Indiana and Southern Michigan.

Thirty-two counties of North west Ohio—approximately the same area hit by tornadoes two weeks ago—were alerted for possible twisters.

The Palm Sunday tornadoes killed 56 Ohioans and caused damage in the millions of dollars. The area was declared a disaster area by President Johnson.

composed of Moline, Rock Island and East Moline, Ill., and Davenport, Iowa.

In Rock Island, workers labored around the clock to reinforce the earthen dam, the only protection for the housing complex. Most residents had been evacuated after a warning from Mayor Forrest Muhleman that water was seeping through the dike. More than 1,000 volunteers worked with Army engineers to reinforce the levee.

Another dike broke in Rock Island (Continued on Page 12)

Segregation Show Staged In Atlanta

ATLANTA, Ga. (AP)—More than 1,000 cheering, sign-waving whites paraded through downtown Atlanta Sunday behind segregationist Lester Maddox, ignoring heavy rain showers, but detouring when a smoke bomb was thrown in their line of march.

Maddox, the former restaurant owner who was the first person convicted under the 1964 Civil Rights Act, set up the march. He said it was to protest governmental takeover of private property rights.

Maddox, who spoke to the group later beside a city park, charged that the federal government is enforcing only the portions of the U.S. Constitution "resulting in centralization of government, loss of private property rights and loss of individual freedom."

The balding, 49-year-old segregationist read a petition which he said would be presented to President Johnson and members of Congress. It asked specific sections of the Constitution be enforced.

Maddox indicated that if the petition is ignored, he would stage another Atlanta march and possibly one in Washington.

"The next one in Atlanta could well be 200,000 people," he said, "and a march in Washington, if we have one, may draw two million."

President Schedules TV News Conference

WASHINGTON (AP)—President Johnson's news conference Tuesday will be held in the White House at 3 p. m. EST.

Press secretary George E. Reedy, in announcing this today, said it will be open to live coverage of television and radio networks.

Johnson said more than a month ago he would have about one news conference a month with advance notice. This is the first such conference since then.

Rainfall Here 1.79 Inches

Scioto River Expected To Crest at 16 Feet

Heavy rainfall totaling 1.79 inches during the weekend has caused the Scioto River to leave its banks.

The river is expected to crest here early tomorrow at 10 feet, according to the weather bureau.

The local weather observer reported a river reading of 15.3 and rising early this morning. Flood stage here is 14 feet.

Only one road in the county is reported closed because of high water. It is the Red Bridge-East Ringold Road west of State Route 23.

A spokesman for the County Highway Department said if the river reaches its expected crest, the Canal Road will be closed by nightfall.

Surface water accumulations last night caused the county to close the South Bloomfield-Royalton Road. It was reopened early today.

The surface water also created some hazardous driving conditions during the night.

The latest weather bureau prediction calls for no more immediate rain in this vicinity.

New Steel Wage Offer Said Coming

PITTSBURGH, Pa. (AP)—The steel industry was reported ready today to raise its offer of a two-per cent pay hike for the United Steelworkers Union in exchange for a strike postponement.

It was the first time negotiators for 11 major steel companies were reported ready to sweeten the pot in their high stakes poker game with the union.

The development came amid signs of strong pressure from the Johnson administration, which believes a strike would be a disaster to the nation's booming economy.

There was no indication of just how much the industry was willing to boost the ante to postpone Saturday's 12:01 a. m. strike deadline.

The industry's previous 2 per cent offer, estimated as amounting to 5 to 7 cents, is a long way from union demands totaling 17.9 cents an hour.

While the industry's new offer was worked out in secret, top administration officials in Washington warned a steel strike would take the steam out of the economic boom for which President Johnson claims major credit.

Reds Say U.S. Uses Nuclear 'Blackmail'

UNITED NATIONS, N.Y. (AP)—The Soviet Union today launched a general attack on U.S. foreign policy, including U.S. operations in Viet Nam, and accused the United States of using "nuclear blackmail" against countries of Southeast Asia.

The attack was made before the 114-nation U.N. Disarmament Commission by Soviet Ambassador Nikolai T. Fedorenko, who charged the United States was trying to hinder disarmament talks while leading the world in a "mad arms race."

He declared further that the United States had nuclear submarines in the Southeast Asia area, as well as missiles with nuclear warheads. He suggested that the United States is now regarding "another Asian country" as an objective of the same kind of weapons used against Nagasaki and Hiroshima during World War II. This seemed to be an obvious reference to possible use of nuclear weapons in the Viet Nam war.

Fedorenko demanded the dismantling of all foreign military bases and the withdrawal of military forces from foreign soil. In this connection, he said the United States had more than a million men stationed on foreign territory.

3 Children Killed As Ride Collapses

DETROIT (AP)—A carnival amusement ride that collapsed at a suburban shopping center claimed the life of a third child Sunday, shortly after two state legislators said they would push for safety inspection laws.

Nancy Lee Matthews, 8, died of injuries suffered in the Saturday accident in Taylor Township that killed Sharon Hawks, 14, and her brother, Grant Thomas Hawks, 12.

The three were riding the "Sky Comet" with Nancy's sister, Susan Raye Matthews, 10, and a cousin, Bonnie Matthews, 8, both of whom are in critical condition.

Police said they think a connecting shackle broke, dropping the bucket seat to the ground where it was dragged some 75 yards before the machine could be turned off.

India Alerts Armed Force In Fuss with Pakistan

NEW DELHI, India (AP)—India alerted its armed forces today and recalled all personnel on leave as Defense Minister Y. B. Chavan declared that large Pakistani forces were attacking along India's western border.

Chavan told Parliament a bri-

gade — about 5,000 men — of Pakistani infantry supported by tanks was attacking Biharbet, about six miles inside territory claimed by India in the disputed Rann of Kutch area.

He said Pakistan's forces attacked Biharbet Sunday night but were beaten off.

"This morning's news," said Chavan, "states that Pakistan is again attacking Biharbet with a brigade of infantry and a sizable force of armor."

The Indians charged that Pakistan had for the first time thrown tanks into the area and that three of them were destroyed.

Pakistan said the fighting resulted from an outbreak of firing by Indian troops.

"Pakistan had to take swift retaliatory action last night in the Chad Bet area of the Rann of Kutch following repeated firing on its positions by the Indian army," a government spokesman said. He said Indian guns were silenced, with heavy Indian casualties.

The United States was reported pressing for an immediate cease-fire and resumption of talks on the territorial dispute.

British India was partitioned into sovereign India and Pakistan in 1947, but the frontier along the Rann of Kutch was never marked. It is a barren salt waste, flooded during the monsoon season. Reports of oil deposits under the wasteland have given it new importance.

The Rann of Kutch is approximately 120 miles southeast of Karachi.

Prime Minister Lal Bahadur Shastri told newsmen Sunday: "Pakistan is creating a very serious situation and the government of India will meet it. India must resist and must stop these moves. We may have to face a difficult situation but we cannot afford to sit quiet and not defend our frontiers with all the strength at our command."

Chavan repeated India's earlier charge that Pakistan is mobilizing its entire armed forces following a series of heavy clashes which broke out Friday.

A Pakistani Defense Ministry spokesman said in Karachi that a report broadcast by All-India Radio that Pakistan had ordered mobilization was "baseless and mere fabrication."

Revival of KKK In Ohio Is Sought

CINCINNATI (AP)—William Hugh Morris, a Buchanan, Ga., contractor who identified himself as "emperor of the Invisible Empire of the Ku Klux Klan in America," said that efforts are being made to revive the Klan in Ohio.

Morris said he is starting a two-weeks organizational drive to "re-establish dormant chapters and increase the political potency of the Klan" in Ohio.

He said the Klan plans to hold a "mammoth rally" on private property near Lebanon in Warren County on May 23.

tion was not immediately determined. There were no passengers in the car.

According to Arch Thompson, train engineer, his unit was traveling about 42 miles per hour. Neither he nor fireman Ollie Stiles saw the auto before the crash.

The car was dragged from the Washington St. crossing to the crossing on S. Court St. It finally broke away from the engine near the N&W tower. The victim was thrown from the auto at this point.

According to police, seat belts had been installed in the car, owned by John Fyffe, 313 E. 3. Officers were unable to determine whether the victim had been using them.

Police Sgt. Turney Ross reported that all crossings in the city were blocked until debris could be cleared. The train was able to continue on its way at 3:18 p. m.

Sheriff Dwight Radcliff, who (Continued on Page Two)

Newspapers' Opportunities Are Detailed

SYRACUSE, N.Y. (AP)—Paul Miller, president of the Gannett Newspapers and The Associated Press, said Sunday night that a group of chain newspapers has special opportunities for great public service.

He spoke at the annual awards dinner of the Syracuse University School of Journalism. He received the school's medal for distinguished service to journalism.

Chains and groups of newspapers, Miller asserted, have been in the forefront in furthering the education and training of newsmen.

In giving local autonomy to their newspapers, Miller declared, chains or groups of newspapers can practice good journalism and good business.

He said that a newspaper group had all the advantages of single paper ownership, "plus some that are beyond the reach of all but the most successful individual newspapers."

Miller added, however, that he did not foresee the day when all daily newspapers, or even half of them, would be under a chain or group ownership.

Indian Firefighters Routed by Black Bear

SILVER CITY, N.M. (AP)—It wasn't Smokey the Bear that chased a group of Indian firefighters Sunday.

The Indians were among 189 men fighting a 250-acre fire in the Gila National Forest east of Silver City when a black bear broke through the fire line after things got too hot.

A U.S. Forest Service official said it took quite some time to regroup the Indians.

New Air Strikes Hurlled at Reds

SAIGON, South Viet Nam (AP) — U.S. and South Vietnamese planes struck at roads and waterways in North Viet Nam in five raids today.

All the planes reportedly returned safely despite heavy ground fire in some areas.

Air activity in South Viet Nam also was unusually heavy as U.S. Air Force jets flew 68 sorties, most of them in mountainous central Viet Nam.

Large concentrations of Viet Cong troops in several central Vietnamese provinces have prompted heavy raids in the recent past.

South Viet Nam's official Viet Nam Press Agency said the government has confirmed the presence of an element of the regular North Vietnamese army in South Viet Nam. It said the

2nd Battalion of the 101st Regiment of the 325th North Vietnamese Division "has been positively located in Kontum Province." The province is about 250 miles north of Saigon.

The one U.S. fatality of the day occurred when a U.S. light spotting plane collided with a Vietnamese air force plane. The American plane crashed into the trees and burst into flames, killing the pilot.

Both planes had been providing cover for a jungle operation 20 miles northeast of Saigon.

The Vietnamese spotting plane returned to its base with one wheel gone and made a safe landing.

In the heaviest of the raids on North Viet Nam, 45 U.S. Air Force jets hit road traffic and bridges along Routes 7, 8 and 12.

The jets "severely damaged" the Bai Duc Thon highway bridge, 160 miles south of Hanoi on Route 12, a U.S. spokesman said.

The Air Force planes also hit two railroad boxcars and a truck depot and supply area.

In two Navy raids, six jets from the carrier Hancock attacked a camouflaged patrol boat about 60 feet long and reportedly sank it.

Two propeller-driven Navy planes from the carrier Midway spotted a new highway bridge 100 miles south of Hanoi and made craters in the approach to the bridge. They did not damage the bridge itself.

In operations Sunday, two U.S. Marines were killed in a Viet Cong attack; four air attacks on North Viet Nam hit approaches to a bridge, a ferry station and road traffic; and U.S. Air Force and Marine Corps jets flew 44 missions against suspected Viet Cong positions in the south.

Petit Larceny Charge Draws Stiff Penalty

Delbert Giffin, Jamesville, was found guilty on two counts of petit larceny today by Municipal Court Judge Sterling Lamb.

Giffin was fined \$50 and costs and sentenced to 30 days in the county jail on both counts.

The jail sentences and \$15 of the fines were suspended by Judge Lamb and Giffin was placed on probation for two years.

He was charged with stealing cigarettes from the A & P Supermarket and with stealing canned goods from Isaac's Market.

Local Man Sent To Workhouse

Robert Reynolds, Circleville, was sentenced to 90 days in the Cincinnati workhouse and fined \$50 and costs today by Municipal Court Judge Sterling Lamb.

Reynolds was charged with disturbing the peace by being in a state of intoxication. The affidavit charging Reynolds was filed by Circleville Police.

It was the fourth time in less than a year he had appeared in City Court on the charge.

U.S. Flag Defiled In Cambodian Riot

PHNOM PENH, Cambodia (AP) — The U.S. flag was torn from its staff and trampled on the ground in a violent anti-American demonstration before the U.S. Embassy today.

Several thousand demonstrators chanted anti-American slogans and hurled tomatoes and rocks at the embassy. Windows in the front of the building were smashed.

One demonstrator managed to break into the embassy compound and climb to a second-story balcony, where the Stars and Stripes flew from its staff. To the cheers of his comrades, the demonstrator tore the flag from the staff and hurled it to the ground. The mob clutched at the banner, then trampled it.

Ex-Grid Star Named To State Prison Post

COLUMBUS, Ohio (AP) — E. Peter Perini, former Ohio State University football and baseball star, has been named associate superintendent of the London Correctional Institution.

His appointment was announced today by Maury Koblenz, chief of the Ohio Division of Correction.

The 37-year-old Perini, succeeds Gordon B. Leonard, who was named to the Parole Board Authority April 9. Perini and Leonard will assume their new positions Saturday.

THE ENEMY—Four Communist North Viet Nam soldiers stand guard at the bridge dividing line between North Viet Nam and South Viet Nam.

Circleville...

(Continued from Page 1)

aided city police with an investigation that was made more difficult by rain, said the train finally managed to stop in the vicinity of Ted Lewis Park. The front diesel unit was slightly damaged.

Fireman Stiles told Sheriff Radcliff this is the fourth time he has been a crewman on a train involved in a fatal accident in Circleville. The crashes have resulted in seven deaths.

Howard Wellington, operator of the N&W tower on S. Court, saw the crash. He said it at first appeared the car being dragged on the front engine was going to strike the tower. However, the vehicle was dislodged a few feet from the structure.

Mr. Cupp, employed here as a truck driver, was born Sept. 18, 1937, in Circleville, the son of

William K. and Grace M. Gaines Cupp. The father is dead and the mother is married to Woodrow Cupp, 304 E. Franklin St.

Also surviving is the widow, Ruth Sharon Adams Cupp; two children, Debra Ray, 4, and Russell Edward Jr., 3; two brothers, William Richard who is now stationed in Viet Nam and Gerald of Circleville; three sisters, Mrs. Betty Jane Moore, Columbus, Mrs. Donna Jean Allen, Route 3, and Patricia Ann, Circleville; and one step-sister, Mrs. Norma Irene McCain, Circleville.

Services will be conducted in the Deffenbaugh Funeral Home, with the Rev. Gordon DeVore officiating. Burial will be in Reber Hill Cemetery.

Friends may call at the funeral home beginning 7 p. m. Tuesday.

Approximately 100 Couples Enjoy Gay CHS Prom, Party

The Circleville High School Junior-Senior Prom, rated only behind graduation and Commencement for anticipatory qualities in the life of a high school senior, was held Saturday night in the Circleville High School gym.

This was the twenty-second annual prom at Circleville. Started in 1943 the event is a formal dance given by present high school juniors in honor of their senior cohorts.

Approximately 100 couples attended. The event was open exclusively to members of the CHS junior and senior class.

Many more people were spectators however — lining the balcony of the gymnasium to catch glimpses of friends and relatives dancing below and to share in the gay atmosphere.

THEME of the prom, "Voyage to the Bottom of the Sea", was manipulated successfully by the Junior class. Wallace Higgins, class adviser, and

Miss Mary Mader, chairman of the event, collaborated to dress the gym in a stunning shield of multicolor streamers, "Mylar" and lights.

Junior class members worked many hours preparing the gym. Their efforts were evident Saturday night.

After the final number had been played by the orchestra, an after prom party was held at the Fairgrounds 4-H and Grange Building. The gathering, hosted by parents of the junior class members, started at 1 a. m.

The dance was open to the CHS two upper classes and their guests. The Durrpree, a band from Washington C. H., provided the entertainment.

Door prizes were awarded and a dance contest was held.

Deaths

MR ISAAC N. MCFARLAND — Mr. Isaac Newton McFarland, 81, Route 1, died 2 a. m. today in Berger Hospital.

He was born July 4, 1883, near Commercial Point, the son of Daniel and Lydia Redman McFarland. His wife, Theresa Boyself McFarland, preceded him in death.

Surviving are seven sons, Earl and Clark, both of Route 3; Marshall, Route 1; Glenn, Stella Ave.; Russell, Route 1; New Holland; Robert, Cambridge; Isaac Newton Jr., Amanda; four daughters, Mrs. Harry Sabine, 123 Watt St.; Mrs. Ralph Hunt, Route 1; Mrs. Lloyd Jenkins, Sabina; Mrs. Clyde Brumfield, Springfield; 33 grandchildren; 25 great-grandchildren; one brother William, New Albany; four sisters, Mrs. John O'Neal, Mrs. Floyd Allen and Mrs. Harry Saunders, all of Columbus; Mrs. Henry Mahorney, Mt. Sterling.

Services will be 1:30 p. m. Wednesday at the Deffenbaugh Funeral Home with the Rev. John Dennis officiating. Burial will be in Springlawn Cemetery, Williamsport.

Friends may call at the funeral home beginning 7:30 p. m. today.

Plans Completed For Fun Night

Final plans have been completed for Fun Night to be held 5-9 p. m. Friday at Atwater School. Supper will be served cafeteria style.

The menu will include, baked spaghetti, tossed salad, fruit jello, bar B Q ham, hot dogs, cheese sandwiches, cake, pie coffee and milk. Supper hours are from 5-7:30 p. m. and the booths will open at 6 p. m.

This is the annual fund raising project of the organization.

Defeat of Issue 3 By Voters Predicted

LIMA, Ohio (AP) — Sen. Frank W. King predicts voters will reject a proposed House reapportionment plan May 4.

"It is just inconceivable to me that Ohio voters would turn over as much to politicians as is asked of them by the sponsors of Issue 3," King, Senate Democratic leader, said yesterday of the reapportionment plan.

Race Track No Place For Vehicle

Motorist Fined \$50 For His Jaunt at Fairgrounds Oval

A 20-year-old Circleville motorist was fined \$50 and costs today in Municipal Court for driving his car around the race track at the Pickaway County Fairgrounds.

Ronald Skaggs, 116 W. Wacker St., was charged with reckless operation by Circleville Police. He was ordered by Judge Sterling Lamb to make restitution of damage caused at the track.

Dallas G. Buchanan, Puxico, Mo., was cited into court for driving a car with a 1964 registration. He told Judge Lamb he had been driving in other states with the car. He claimed he did not realize he needed the 1965 registration.

Judge Lamb fined Buchanan \$50 and costs.

James N. Bensonhaver, 195 Harrison St., entered pleas of guilty on two counts. He was fined \$15 and costs for driving an unsafe motor vehicle with \$5 of the fine suspended, and \$25 and costs with \$10 suspended for failure to transfer registration.

Stock Mart Is Irregular

NEW YORK (AP)—The stock market settled irregularly lower early this afternoon in moderately active trading.

The list had a slightly higher edge at the start but it was dulled as the session wore on. The averages drifted to the downside as the pace of trading slipped below Friday's level.

The approach of Friday's midnight strike deadline for the steel industry was a lengthening shadow on the market even though the flow of corporate earnings reports and of general economic news was encouraging.

The Associated Press average of 60 stocks at noon was off .4 at 338.4 with industrials down .5, rails off .1 and utilities off .5.

The Dow Jones industrial average at noon was down 2.20 at 914.21.

Two Parked Autos Vandalized Here

Two cases of car vandalism were reported to city police during the weekend.

Walter Mavis, 633 E. Mound St., said the right side of his auto was scratched. A similar incident was reported by Leslie Garrett, 621 E. Mound St.

Both cars were parked in front of the owners' homes.

Deer Creek Bid Notice Announced

An advance notice to bidders concerning construction projects at the government's Deer Creek Reservoir site in Pickaway County was announced today by Rep. William H. Harsha, Ohio 6th District congressman.

The projects pertain to dams and dikes proposed at the reservoir. The bids are to be opened June 15 by the U. S. Army Corps of Engineers.

The general project site is north of New Holland and south of Mt. Sterling. Actual construction has been scheduled for this summer.

According to Rep. Harsha's office, the work program essentially calls for construction of a rolled earth dam that will be 3,880 feet long and at a maximum height of 93 feet. Also listed is a spillway section 184 feet long and three crest gates each 42 by 32 feet, five sluices 5 by 5½ feet and a 136-inch round sluice.

Other construction phases of the project include a pre-cast concrete deck bridge 150 feet long, asphalt paved roads and parking area and an earth dike 4,600 feet long and 12 feet high.

Red Buildup

(Continued from Page 1)

extend their limited resources. —There are indications of a substantial buildup of Communists in the highland area west of the Da Nang airbase, a key U.S. position in South Viet Nam, over the past 12 months.

—He did not know whether the Communists would attempt an assault against the base but that it is not possible for the Communists to inflict the Dien Bien Phu type defeat on this country — a reference to the disaster suffered by the French at the hands of the Communist Vietminh in 1954.

—The air strikes in the North have impeded infiltration but have not stopped it.

—We have added U.S. naval vessels and aircraft to help the South Vietnamese junk fleet in apprehending infiltrators coming down by sea from the North.

—To the best of my knowledge there are no operational anti-aircraft missile sites in Communist North Viet Nam, but the United States assumes they will be there and is planning its actions accordingly.

Over the weekend it became known that the administration feels it should use whatever weapons are needed — including nuclear — to end the Communist aggression against South Viet Nam.

Asked about this, McNamara said that while the United States is holding open the option of using nuclear weapons if it becomes necessary "no useful purpose can be served by speculation on remote contingencies."

He said North Vietnamese aggression "has grown progressively more flagrant and unconstrained."

He said the latest step "is the convert infiltration of a regular combat unit of the North Vietnamese army into South Viet Nam."

The North Vietnamese battalion now operating in the south probably has about 400 to 500 men, McNamara said.

The Viet Cong have lost 89,000 men killed in South Viet Nam, he said, and an important proportion of these had been imported from the north.

McNamara reviewed nearly three months of U.S. bombing attacks against roads, bridges and other military installations in the north.

"Our objectives have been to force them off the rails onto the highways and off the highways onto their feet," he said.

Fishing Gear Taken

Walter Gilmore, 624 S. Court St., told police Saturday that two fishing rods and reels were taken from a building at his property at 216 W. Mill St.

U.S. Ready To Participate In Cambodian Conference

WASHINGTON (AP) — The United States has notified Britain and several other countries that it will "gladly participate" in a proposed nine-nation conference on Cambodia. Such a gathering could lead to informal talks on ending the Vietnamese war.

The decision to participate in a Cambodian conference, if one is called, was made last week by President Johnson. He already has decided that he would name Ambassador W. Averell Harriman as U.S. delegate to such a meeting.

The U.S. readiness to attend was announced Sunday night by Secretary of State Dean Rusk, who said:

"It has been proposed that an international conference composed of the governments of the countries which took part in the Geneva conference of 1954 be called to consider the question of the neutrality and territorial integrity of Cambodia."

"After reviewing this proposal with the President last week and at his direction, we have informed a number of interested governments that if such a conference is called we will gladly participate."

"The President would appoint Ambassador Averell Harriman as our representative to the discussions."

The British government, which with the Soviet Union was co-chairman of the 1954 Geneva conference on Southeast Asia, has been working with the Soviet Union and other countries for several weeks to see whether it would be possible to arrange a meeting on Cambodia.

The original proposal for the meeting came from Cambodian Prince Norodom Sihanouk as an evident move to secure the independence of his country which is a neighbor of South Viet Nam.

Britain's major interest in the proposed conference, however, obviously has been that it would bring together representatives of many governments directly or indirectly involved in the war in South Viet Nam and would thus afford an opportunity for Vietnamese peace talks.

The nine nations which could be included in the meeting are the United States, Britain, the Soviet Union, France, Communist China, North Viet Nam, South Viet Nam, Laos and Cambodia.

The Soviet government and the North Vietnamese regime declared little more than a week ago that they favored the proposal for a meeting on Cambodia. Saturday, however, Sihanouk was reported in dispatches from Cambodia to have said it was not necessary to have the United States and South Viet Nam at the conference.

His statement was taken here as an indication that he was under pressure from Red China to block agreement on the proposal and therefore avoid creating an occasion for Vietnamese peace talks at this time.

Traffic Jam Brings Rap At Columbus

COLUMBUS, Ohio (AP)—The expediter of the Interstate 71 task force lashed out at the Columbus city traffic engineer today for refusing to help unsmear a traffic jam at Goodale Expressway and Olentangy River Road.

Expediter James W. Shocknessy took engineer John L. Gallagher to task for insisting the expressway section was built wrong and nothing would help it.

"That's nonsense," Shocknessy said today at the weekly I-71 meeting. "You can do something about it. Anybody who talks that way is unworthy of his mission."

Told of Shocknessy's comments, Gallagher replied: "Exactly what does the highway department think the problem is. I am in the dark about that. It was bad design from the start, it's still there in concrete," Gallagher said about the complicated Goodale-Olentangy River Rd. interchange.

The highway department's chief engineer, C. H. Makeever, told Shocknessy that state engineers were trying to do something about the problem.

Prosecutor Slows Retrial Decision

COLUMBUS, Ohio (AP) — Franklin County Prosecutor C. Howard Johnson indicated today it may be several weeks before he decides whether to have Homer Jack Dean tried again for first-degree murder.

Late last week, the 54-year-old Dean was released from jail without bond by Common Pleas Judge Dana F. Reynolds pending a decision from the prosecutor.

Dean was convicted in 1950 for the 1947 slaying of Elmo Rice, a Clintonville real estate dealer.

Last Monday, Federal Judge Mell G. Underwood released Dean, ruling that Dean did not have a fair trial.

New Air Strikes Hurlled at Reds

SAIGON, South Viet Nam (AP) — U.S. and South Vietnamese planes struck at roads and waterways in North Viet Nam in five raids today.

All the planes reportedly returned safely despite heavy ground fire in some areas.

Air activity in South Viet Nam also was unusually heavy as U.S. Air Force jets flew 68 sorties, most of them in mountainous central Viet Nam.

Large concentrations of Viet Cong troops in several central Vietnamese provinces have prompted heavy raids in the recent past.

South Viet Nam's official Viet Nam Press Agency said the government has confirmed the presence of an element of the regular North Vietnamese army in South Viet Nam. It said the

2nd Battalion of the 101st Regiment of the 325th North Vietnamese Division "has been positively located in Kontum Province." The province is about 250 miles north of Saigon.

The one U.S. fatality of the day occurred when a U.S. light spotting plane collided with a Vietnamese air force plane. The American plane crashed into the trees and burst into flames, killing the pilot.

Both planes had been providing cover for a jungle operation 20 miles northeast of Saigon.

The Vietnamese spotting plane returned to its base with one wheel gone and made a safe landing.

In the heaviest of the raids on North Viet Nam, 45 U.S. Air Force jets hit road traffic and bridges along Routes 7, 8 and 12.

Rights Killings To Be Studied

Supreme Court OKs Review of Case

WASHINGTON (AP) — The Supreme Court agreed today to review the dismissal by a federal judge of major charges in the killing of three civil rights workers in Philadelphia, Miss.

U.S. Dist. Judge Harold Cox, in Jackson, Miss., dismissed a felony indictment against 17 defendants. He also dismissed three of four counts of a misdemeanor indictment against 14 of the 17 men.

The rights workers were Andrew Goodman and Michael Schwerner, both white and from New York, and James Chaney, a Negro of Meridian, Miss. They were killed the night of June 21, 1964. Their bodies were found under an earthen dam near Philadelphia, Miss., Aug. 4, 1964. All had been shot.

In dismissing the felony indictment, Cox said it did not state an offense against the United States and his court therefore had no jurisdiction. The 17 had been accused under this indictment of conspiring to use violence to deny the rights of the three workers by killing them.

Appealing directly to the Supreme Court, the Justice Department asked a quick ruling that the conspiracy charge could be prosecuted under a state law passed in 1870. The department also said Cox's dismissal of the misdemeanor counts was erroneous.

The Supreme Court, in announcing it would rule in the case, did not say when arguments would be heard. Under the tribunal's present schedule, the case would not be called before the fall term, beginning Oct. 4.

Delbert Giffin, Jamesville, was found guilty on two counts of petit larceny today by Municipal Court Judge Sterling Lamb.

Giffin was fined \$50 and costs and sentenced to 30 days in the county jail on both counts.

The jail sentences and \$15 of the fines were suspended by Judge Lamb and Giffin was placed on probation for two years.

He was charged with stealing cigarettes from the A & P Supermarket and with stealing canned goods from Isaac's Market.

The Supreme Court, in announcing it would rule in the case, did not say when arguments would be heard. Under the tribunal's present schedule, the case would not be called before the fall term, beginning Oct. 4.

MARKETS

(Continued from Page 1) aided city police with an investigation that was made more difficult by rain, said the train finally managed to stop in the vicinity of Ted Lewis Park. The front diesel unit was slightly damaged.

Fireman Stiles told Sheriff Radcliff this is the fourth time he has been a crewman on a train involved in a fatal accident in Circleville. The crashes have resulted in seven deaths.

HOWARD Wellington, operator of the N&W tower on S. Court, saw the crash. He said it at first appeared the car being dragged on the front engine was going to strike the tower. However, the vehicle was dislodged a few feet from the structure.

Mr. Cupp, employed here as a truck driver, was born Sept. 18, 1937, in Circleville, the son of

William K. and Grace M. Gaines Cupp. The father is dead and the mother is married to Woodrow Cupp, 304 E. Franklin St.

Also surviving is the widow, Ruth Sharon Adams Cupp; two children, Debra Ray, 4, and Russell Edward Jr., 3; two brothers, William Richard who is now stationed in Viet Nam and Gerald of Circleville; three sisters, Mrs. Betty Jane Moore, Columbus, Mrs. Donna Jean Allen, Route 3, and Patricia Ann, Circleville; and one step-sister, Mrs. Norma Irene McCain, Circleville.

Services will be conducted in the Deffenbaugh Funeral Home, with the Rev. Gordon DeVore officiating. Burial will be in Reber Hill Cemetery.

Friends may call at the funeral home beginning 7 p. m. Tuesday.

Approximately 100 Couples Enjoy Gay CHS Prom, Party

The Circleville High School Junior-Senior Prom, rated only behind graduation and Commencement for anticipatory qualities in the life of a high school senior, was held Saturday night in the Circleville High School gym.

This was the twenty-second annual prom at Circleville. Started in 1943 the event is a formal dance given by present high school juniors in honor of their senior cohorts.

Approximately 100 couples attended. The event was open exclusively to members of the CHS junior and senior class.

Many more people were spectators however — lining the balcony of the gymnasium to catch glimpses of friends and relatives dancing below and to share in the gay atmosphere.

THEME of the prom, "Voyage to the Bottom of the Sea", was manipulated successfully by the Junior class. Wallace Higgins, class adviser, and

Miss Mary Mader, chairman of the event, collaborated to dress the gym in a stunning shield of multicolor streamers, "Mylar" and lights.

Deaths

MR ISAAC N. MCFARLAND — Mr. Isaac Newton McFarland, 81, Route 1, died 2 a. m. today in Berger Hospital.

He was born July 4, 1883, near Commercial Point, the son of Daniel and Lydia Redman McFarland. His wife, Theresa Boyssell McFarland, preceded him in death.

Home Struck By Lightning

Lightning struck the home of McClelland Clark 410 Faye Ave. early yesterday morning, resulting in an estimated \$20 damage according to the Circleville Fire Department.

A spokesman for the fire department said lightning apparently struck the television antenna, causing some damage where the lead in wire entered the house.

Plans Completed For Fun Night

Final plans have been completed for Fun Night to be held 5-9 p. m. Friday at Atwater School. Supper will be served cafeteria style.

The menu will include, baked spaghetti, tossed salad, fruit jello, bar B Q ham, hot dogs, cheese sandwiches, cake, pie coffee and milk. Supper hours are from 5-7:30 p. m. and the booths will open at 6 p. m.

This is the annual fund raising project of the organization.

Defeat of Issue 3 By Voters Predicted

LIMA, Ohio (AP) — Sen. Frank W. King predicts voters will reject a proposed House reapportionment plan May 4.

"It is just inconceivable to me that Ohio voters would turn over as much to politicians as is asked of them by the sponsors of Issue 3," King, Senate Democratic leader, said yesterday of the reapportionment plan.

Race Track No Place For Vehicle

Motorist Fined \$50 For His Jaunt at Fairgrounds Oval

A 20-year-old Circleville motorist was fined \$50 and costs today in Municipal Court for driving his car around the race track at the Pickaway County Fairgrounds.

Ronald Skaggs, 116 W. Water St., was charged with reckless operation by Circleville Police. He was ordered by Judge Sterling Lamb to make restitution of damage caused at the track.

Dallas G. Buchanan, Puxico, Mo., was cited into court for driving a car with a 1964 registration. He told Judge Lamb he had been driving in other states with the car. He claimed he did not realize he needed the 1965 registration.

Judge Lamb fined Buchanan \$50 and costs.

James N. Bensonhaver, 195 Harrison St., entered pleas of guilty on two counts. He was fined \$15 and costs for driving an unsafe motor vehicle with \$5 of the fine suspended, and \$25 and costs with \$10 suspended for failure to transfer registration.

Stock Mart Is Irregular

NEW YORK (AP)—The stock market settled irregularly lower early this afternoon in moderately active trading.

The list had a slightly higher edge at the start but it was dulled as the session wore on. The averages drifted to the downside as the pace of trading slipped below Friday's level.

The approach of Friday's midnight strike deadline for the steel industry was a lengthening shadow on the market even though the flow of corporate earnings reports and of general economic news was encouraging.

The Associated Press average of 60 stocks at noon was off .4 at 338.4 with industrials down .5, rails off .1 and utilities off .5.

The Dow Jones industrial average at noon was down 2.20 at 914.21.

Two cases of car vandalism were reported to city police during the weekend.

Walter Mavis, 633 E. Mound St., said the right side of his auto was scratched. A similar incident was reported by Leslie Garrett, 621 E. Mound St.

Both cars were parked in front of the owners' homes.

Fishing Gear Taken

Walter Gilmore, 624 S. Court St., told police Saturday that two fishing rods and reels were taken from a building at his property at 216 W. Mill St.

U.S. Ready To Participate In Cambodian Conference

WASHINGTON (AP) — The United States has notified Britain and several other countries that it will "gladly participate" in a proposed nine-nation conference on Cambodia. Such a gathering could lead to informal talks on ending the Vietnamese war.

The decision to participate in a Cambodian conference, if one is called, was made last week by President Johnson. He already has decided that he would name Ambassador W. Averell Harriman as U.S. delegate to such a meeting.

The U.S. readiness to attend was announced Sunday night by Secretary of State Dean Rusk, who said:

"After reviewing this proposal with the President last week and at his direction, we have informed a number of interested governments that if such a conference is called we will gladly participate."

The British government, which with the Soviet Union was co-chairman of the 1954 Geneva conference on Southeast Asia, has been working with the Soviet Union and other countries for several weeks to see whether it would be possible to arrange a meeting on Cambodia.

The original proposal for the meeting came from Cambodian Prince Norodom Sihanouk as an evident move to secure the independence of his country which is a neighbor of South Viet Nam.

Britain's major interest in the proposed conference, however, obviously has been that it would bring together representatives of many governments directly or indirectly involved in the war in South Viet Nam and would thus afford an opportunity for Vietnamese peace talks.

The nine nations which could be included in the meeting are the United States, Britain, the Soviet Union, France, Communist China, North Viet Nam, South Viet Nam, Laos and Cambodia.

The Soviet government and the North Vietnamese regime declared little more than a week ago that they favored the proposal for a meeting on Cambodia. Saturday, however, Sihanouk was reported in dispatches from Cambodia to have said it was not necessary to have the United States and South Viet Nam at the conference.

His statement was taken here as an indication that he was under pressure from Red China to block agreement on the proposal and therefore avoid creating an occasion for Vietnamese peace talks at this time.

That's nonsense," Shocknessy said today at the weekly 1-71 meeting. "You can do something about it. Anybody who talks that way is unworthy of his mission."

Told of Shocknessy's comments, Gallagher replied: "Exactly what does the highway department think the problem is. I am in the dark about that. 'It was bad design from the start, it's still there in concrete,' Gallagher said about the complicated Goodale-Olentangy River Rd. interchange.

The highway department's chief engineer, C. H. Makeever, told Shocknessy that state engineers were trying to do something about the problem.

Prosecutor Slows Retrial Decision

COLUMBUS, Ohio (AP) — Franklin County Prosecutor C. Howard Johnson indicated today it may be several weeks before he decides whether to have Homer Jack Dean tried again for first-degree murder.

Late last week, the 54-year-old Dean was released from jail without bond by Common Pleas Judge Dana F. Reynolds pending a decision from the prosecutor.

Dean was convicted in 1950 for the 1947 slaying of Elmo Rice, a Clintonville real estate dealer.

Last Monday, Federal Judge Mell G. Underwood released Dean, ruling that Dean did not have a fair trial.

"It has been proposed that an international conference composed of the governments of the countries which took part in the Geneva conference of 1954 be called to consider the question of the neutrality and territorial integrity of Cambodia."

"After reviewing this proposal with the President last week and at his direction, we have informed a number of interested governments that if such a conference is called we will gladly participate."

"The President would appoint Ambassador Averell Harriman as our representative to the discussions."

The British government, which with the Soviet Union was co-chairman of the 1954 Geneva conference on Southeast Asia, has been working with the Soviet Union and other countries for several weeks to see whether it would be possible to arrange a meeting on Cambodia.

The original proposal for the meeting came from Cambodian Prince Norodom Sihanouk as an evident move to secure the independence of his country which is a neighbor of South Viet Nam.

Britain's major interest in the proposed conference, however, obviously has been that it would bring together representatives of many governments directly or indirectly involved in the war in South Viet Nam and would thus afford an opportunity for Vietnamese peace talks.

Coral Reef Park Is Unique One

By DEANE and DAVID HELLER
Central Press Association
Correspondents

MIAMI BEACH, Fla. — Florida's newest state park has some special distinctions not usually found in recreational areas in this or other countries. The main reason is that 75 square miles of the area are underwater — and rightly so, located on a living coral reef.

The park, the John Pennekamp Coral Reef State Park, situated about 50 miles south of Miami Beach on Key Largo, can offer the boating or skin-diving enthusiasts a wonderland of beauty as they penetrate into the world of living coral reef flora and fauna.

It's quite an experience to ride a glass-bottomed boat provided through the services of the park-site, or to don mask and fins and swim into the colorful reef waters. Tropical fish in unending columns swim and drift before your eyes amidst the fantastic shapes and exotic colors of the various coral formations.

Each of more than 40 varieties of coral catalogued within the park has its own special pattern. The corals come in a wide range of color, too. Lacy fingers of staghorn, moonhead and leaf coral in delicate blue pale green, deep violet, gold and delicate pink and white seem to reach up toward you as you glide over the area. Lying in massive bunches will be brain coral or star coral.

The fauna of the reef are fascinating, too. As you look into the clear waters, swiftly moving reef fish will be seen darting back and forth among their special coral polyps. The tiny, tropical fish in their spectacular colors will seem to fly past your eyes.

You'll see vivid-hued butterfly fish, the handsome blue parrotfish or regal yellow and black angel fish noted for their insatiable curiosity as you peer through the glass bottom of the boat. The fish appear interested in people-watching as they bring their faces close to the glass and peer back from the water's depth.

Occasionally, silvery barracuda and even a large grey sand shark will swim by, adding a sinister note of mystery to your voyage over the reef. In all about 600 varieties of fish abound along the Florida Key reef. If you stay long enough, guides will tell you, you can see them all.

Various shipwrecks can be seen within the park waters. Some, such as the remains of the Spanish plate fleet bound from the silver mines of Mexico for Spain, are there, victims of the treacherous shoals back in 1733. Others, such as the Brentwood, a freighter torpedoed in World War II, can also be seen. Although the Brentwood lies in water 60 feet in depth, it can easily be seen in the crystal

clear waters over the reef. All the wrecks, the corals and sealife are protected by law in the park. While you may rent scuba or other diving gear at the camp grounds adjacent to the reef, no spear-fishing or taking home of coral souvenirs are permitted. Fishermen with hook and line, however, may try their luck—under strictly controlled Florida State fishing regulations.

The park has land-lubber facilities, too. There are extensive picnic areas with tables and grills and fresh drinking water fountains. And there's a little lunchroom specializing in shrimpburgers and the pride of the area—key lime pie, at moderate rates. The camp grounds provide camping sites for tents or trailers and have modern tiled shower and rest room facilities.

There's a special nature trail, one-fourth of a mile long, hacked out of the mangrove jungles of the area, for those who want to see the flora and fauna of the swampy land.

The trail winds through stands of jungle dogwood, tamarind, bumbo limbo, palm and buttonwood. However, there's an unpleasant species of easily identified poisonwood on should be sure to stay clear of as he walks about. The bark of the tree can cause serious skin burns.

Beauty abounds on the walk — huge cactus and spectacular night blooming cereus that open their blooms only a few times a year to the tropical night air. High above you're likely to see native orchids showing off their gorgeous blossoms—perhaps to the many birds of the area.

The Florida Keys are a bird sanctuary and many showy species can be seen scratching for food or preening their gorgeous feathers here. Birds such as the snowy white egret or heron are common. The roseate spoonbill, with his brilliant pink feathers, is more rare. He resembles his feathered friend the pink flamingo.

Squirrels and racoon are the only ground wildlife that you will encounter as animal life is rare on the mangrove flats of the park.

Pickerington Girl Makes History in FFA

COLUMBUS, Ohio (AP) — Gloria Hardwick, 17, a Pickerington High School coed, apparently made history as a delegate to the state Future Farmers of America meeting here over the weekend.

She voted on several issues and is believed to be the first girl in Ohio to ever do so. Miss Hardwick was the only girl among more than 600 voting delegates.

Londoners who dial 999 are connected directly with Scotland Yard's huge Information Room. Even from pay phones the number can be dialed without a coin.

WREATHED IN SMILES—Morio Shigematsu, a Japanese college student, wears a laurel wreath after teaching a lesson to the rest of the field when he won the 69th Boston Marathon in a record clocking of 2:16:33. Two teammates finished right behind him for only the second such national showing in modern history of the event.

Statewide Issues Remain Subjects of Hot Debates

COLUMBUS, Ohio (AP)—Proponents and opponents of the four statewide issues on the May 4 primary ballot continued over the weekend to hammer their views home to the voters.

Gov. James A. Rhodes appealed to Ohioans to "accept my word that these issues are fair, just and urgently needed."

Most of the discussion centered on the proposed legislative reapportionment amendment to the state constitution to re-draw Ohio House districts to meet the U. S. Supreme Court's recent "one-man, one-vote" ruling.

Rhodes termed the proposal "the fairest method of any ever devised in Ohio, or anywhere else. Ohioans have no alternative. Either we do it, or the federal government does it," he declared.

Meanwhile, the Ohio AFL-CIO in its weekly bulletin said the proposal "has not been able to stand the light of day." The labor organization said the amendment "has been shown to be a dangerous scheme that would allow both political parties to draw boundary lines of Ohio House districts to their own advantage."

The Ohio Home Rule Committee, a group formed to support the reapportionment issue, said adoption of the amendment would help smaller counties, as well as semi-industrial and suburban areas.

The AFL-CIO said reapportionment of the Ohio House "could and should be accomplished in a fair manner and without any political shenanigans."

The other three issues on the primary ballot would provide \$200 million capital improvements bond issue, authorized

the guarantee loans to college students and authorize a finance program for industrial development.

Gov. Rhodes called each issue "a modern device for developing a bigger and better Ohio."

He said passage of four four is "essential to provide more and better jobs for Ohioans."

Odd Assortment

PEARL HARBOR (AP) — Ships of the U. S. Pacific Fleet are getting an assortment of oddities aboard.

The Polaris - firing submarine - for instance, received a set of Shawnee Indian arrowheads from Pearl Harbor Naval Shipyard worker Paul Walley who was raised in Indiana's Shawnee country of Chief Tecumseh's day.

The Polaris submarine Daniel Boone has a squirrel rifle aboard — for obvious reasons.

And Pearl Harbor Shipyard received a gift from the Republic of Korea Navy recently — a turtle ship plaque and scroll. The turtle ship was an iron warship developed in Korea in 1592 which was immune to bows and arrows.

Wool Incentive Payment Is Set at 16.5 Per Cent

Shorn wool payments for the 1964 marketing year will amount to 16.5 percent of the dollar returns each producer received from the sale of shorn wool during the period from January through December 1964, according to Galen D.

Mowery, Chairman, Agricultural Stabilization and Conservation Pickaway County Committee.

The rate of payment was determined recently by the Department of Agriculture as the percentage necessary to bring the national average wool price of 53.2 cents per pound received by growers during 1964 up to the previously announced incentive level of 62 cents per pound under the national wool program.

Producers thus will receive an incentive payment of \$16.50 for every \$100 received from the sale of shorn wool during the tenth year of the program. This compares with a payment of \$27.80 per \$100 of marketings for the 1963 marketing year when the average wool sales price was 48.5 cents per pound.

The payment rate on 1964 sales of unshorn live lambs to compensate for the wool on them will be 35 cents per hundredweight. This payment on sales of live lambs that have never been shorn is based on the shorn wool payments and is designed to discourage unusual shearing of lambs before marketing. The payment rate compares with 54 cents per hundredweight for the 1963 marketing year.

The wool incentive program was originally authorized by the National Wool Act of 1954, which has been extended twice as a means of encouraging the domestic production of wool. The program currently is authorized to cover marketings through the 1965 marketing year. The President has recommended another extension of the Act.

According to chairman Mowery, the ASCS County office will begin making 1964 program payments within a few days.

Runaway Girl Is Returned To Custody

CLEVELAND (AP) — Christine Simko, the 15-year-old who was in the news in 1963 when she ran away from a cancer operation, was back in custody today after running away again.

Miss Simko ran away from Bellefaire Home in Shaker Heights last Thursday. Her mother, Mrs. Lily Simko, called police Sunday and said Christine was at her home in East Cleveland.

The girl was being held in the Juvenile Court detention home, and authorities said she probably will not be returned to Bellefaire.

Christine's right leg was amputated in 1963 on order of a Juvenile Court judge over her mother's objections. The girl was a ward of the county, and the judge said he ordered the operation because doctors said it was necessary to halt the spread of cancer.

Christine, who now wears an artificial leg and uses crutches, would not tell police where she had been since Thursday.

The cape buffalo is generally rated as Africa's most vicious animal. Buffalo have been known to ambush a hunter and trample him with ax-sharp hoofs. They have even dispositions — always angry.

Mowery, Chairman, Agricultural Stabilization and Conservation Pickaway County Committee.

The rate of payment was determined recently by the Department of Agriculture as the percentage necessary to bring the national average wool price of 53.2 cents per pound received by growers during 1964 up to the previously announced incentive level of 62 cents per pound under the national wool program.

Producers thus will receive an incentive payment of \$16.50 for every \$100 received from the sale of shorn wool during the tenth year of the program. This compares with a payment of \$27.80 per \$100 of marketings for the 1963 marketing year when the average wool sales price was 48.5 cents per pound.

The payment rate on 1964 sales of unshorn live lambs to compensate for the wool on them will be 35 cents per hundredweight. This payment on sales of live lambs that have never been shorn is based on the shorn wool payments and is designed to discourage unusual shearing of lambs before marketing. The payment rate compares with 54 cents per hundredweight for the 1963 marketing year.

The wool incentive program was originally authorized by the National Wool Act of 1954, which has been extended twice as a means of encouraging the domestic production of wool. The program currently is authorized to cover marketings through the 1965 marketing year. The President has recommended another extension of the Act.

According to chairman Mowery, the ASCS County office will begin making 1964 program payments within a few days.

DIDN'T WORK, QUITE—A dummy space capsule dropped from a C-119 aircraft draws curious stares near Fort Hood, Tex. It was equipped with a steerable parachute called a parasail which was supposed to land the capsule in an upright position, but didn't. The test was part of a program to develop a safe way of landing spacecraft on land.

Adding a room? Enclosing a breezeway? Finishing the upstairs? There's a GAS Room Heater Designed to Make It Comfortable!

Heating a new room usually presents a problem because the original heating system was not designed for it. But a safe Gas room heater can make the new room completely comfortable. Gas room heaters are thermostatically controlled, easy to install, and occupy almost no space in the room. Install them between studs, recess them in a wall... you can even put them in the attic! Many can be vented right through an outside wall, making a chimney unnecessary. Gas makes the big difference... costs less, too. You'll hardly notice the cost of heating the new room. Gas is unmatched for economy. For example, it costs less than half as much as electric heat. Ask your heating dealer or contractor for his recommendations... we're sure he'll recommend Gas.

Historic Record

This is Pan American Week. The celebration marks the enduring record of international cooperation on a hemispheric scale — the broadest and most successful in human history.

In 1889, President Cleveland opened the first International Conference of American States, where seeds were sown for the peaceful arbitration of intra-hemispheric disputes. The following year the permanent Commercial Bureau of the American Republics was founded.

By 1948, 21 American republics had

evolved into their current form — the Organization of American States. Over the years, before and since, numerous significant steps were taken to unite against foreign aggression and to develop economic, social, judicial, medical and cultural mutual aid.

Tremendous difficulties still lie ahead. But, in a world torn by political, economic and even military strife, the 75th anniversary of the cooperative achievements of the Americas is indeed worth celebrating.

Tokyo Menus Feature Eels

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you like eels for dinner, your best bet is Tokyo. It has 1,000 restaurants with menus featuring eels.

The windmill was one of

man's first machines. It was

first used for grinding corn in

ancient Persia.

Prosperity note: Some 45 mil-

lion American homes now have

two or more radio sets. And 47

per cent of U.S. families have

two or more breadwinners. On

the other hand, 8 per cent of our

families are getting some kind

of government relief.

There's truth in the old saying

— marry in haste, repent in le-

isure. A survey in Montreal of 5,

000 teen-age marriages dis-

closed that only 15 out of 100

were successful when both part-

ners were under 18. Brides

blamed the failures in most

cases on family interference.

In Paris you can get free ad-

vice on your financial or love

problems by dialing "VAL 70-

50." You can call other numbers

for information on problems in

nuclear physics — or if you sim-

ply want to be cheered up by

listening to recordings of the

latest jokes.

Quotable notables: "If you

cannot catch a bird of paradise,

better take a wet hen." —Nikita

S. Khrushchev, former Soviet

premier.

Women complain they suffer

from job discrimination, but of

26 million women in the labor

force more than four million are

employed at the managerial or

professional level. They include

at least 5,000 life insurance

agents, 59 partners in stock ex-

change firms, 12 vice presidents

of major New York banks, and

one who runs an aircraft corpora-

tion.

Biologists say the human

brain functions best generally

when the outside temperature is

between 30 and 40 degrees

Fahrenheit. But you have to

have enough sense to come in

out of the cold.

Suicide now is the fourth lead-

ing cause of death in America

aged 15 to 24. It is outranked

only by accidents, heart disease

and cancer. Considering all

ages, men are three times as

likely as women to kill them-

selves.

Overheard at a cocktail party:

"Oh, George and I have our

spats, but nothing that Blue

Cross won't cover." — Catholic

Digest.

People do most of their buy-

ing in the second half of the

year. They shell out only 45.5

per cent of their spending mon-

ey from January through June,

54.5 per cent from July through

the Christmas season.

Letter To The Editor

EDITOR'S NOTE — We welcome letters to the editor in order to be considered for publication, they must bear the correct name and address of the writer. Anonymous letters and those signed with the request that signatures be withheld will not be accepted for publication. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

To the Editor:

The privilege to vote is a very important opportunity as well as a duty to help govern ourselves through participation in important decisions.

Although the May 4 election is only a primary and this is an "off-year" election, it is as important as any other for the areas it covers.

There are at present four statewide issues to be voted on.

Issue 1 could greatly help qualified people needing financial help to secure college education.

Issue 2 is to help build parks and recreational facilities, higher education facilities and other needed public facilities.

Issue 3 is to have an Apportionment Board do the redistricting necessary to conform with the Supreme Court's decision that representation must be on the basis of population. Ohio's Hanna Amendment, that gave at least one representative to each county, has been declared unconstitutional.

A reported proposal in New Jersey to keep a similar type of a system that would give state representatives from an area fractional voting weights depending on population was turned down by the Federal Court there.

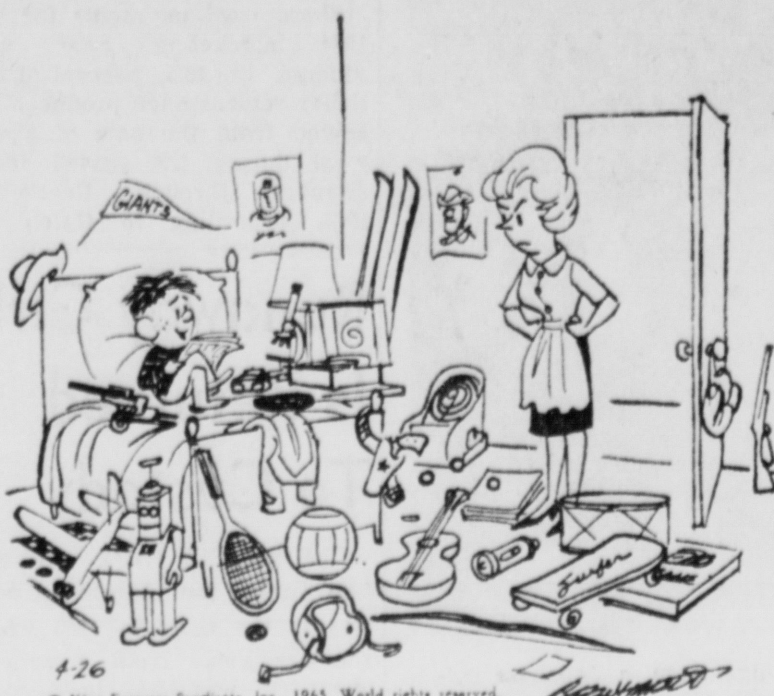

The Ohio Senate is now reapportioned every 10 years by the Ohio Apportionment Board. Starting in 1972, after an initial reapportionment, the Ohio House of Representatives would likewise be reapportioned every 10 years. If this Issue 3 is not passed, we can not keep the present arrangement that has been declared unconstitutional but will have our representation decided upon by a Federal Court.

Issue 4 is to make Ohio a more desirable place in which to expand present businesses and locate new businesses or industries. More business and industry means more jobs and a better state in which to live.

The four issues are reasons why each qualified voter should vote on May 4, 1965.

Try and Stop Me

By BENNETT CERF

SOMERSET MICHAMUD sat happily typing the final pages of his new novel. In the yard, his six-year-old son had just tripped over a tree root and broken his leg.

The boxer puppy had chewed up Mrs. Michamud's best curtain, the twins had spilled a can of paint in the parlor and were now trying to pull each other's hair out, and the nurse had given notice. Mrs. Michamud called out to her husband, "Lunch is almost ready. How far have you gotten with your manuscript?"

Mr. M. answered, "It's going like a house afire. The hero is just proposing to the heroine."

"Give it a happy ending," begged Mrs. M. earnestly. "Have her say 'No.'"

Looking Back in Pickaway County

FIVE YEARS AGO

Roger Wolfe, son of Mr. and Mrs. Bernard Wolfe, 358 E. Mound St., was initiated into Sigma Pi fraternity at Ohio Northern University.

Mr. and Mrs. E. F. Schlegel, Ashville, returned home after a six-month stay in Bradenton, Fla.

The Pickaway County Auditor's office reminded residents that Saturday was the final day for filing personal property tax returns without a penalty.

TEN YEARS AGO

Pickaway County Civil Defense Director Bernard Tait disclosed that an air raid siren purchased by the city had arrived and was being stored in the city garage.

Salk polio vaccine inoculations were given to 165 Pickaway County first and second grade pupils in four county schools.

Six of the original 10 members of Ye Olden Friends Club held a get-together and dinner in the home of Mrs. Harley Noggle, E. Main St.

TWENTY-FIVE YEARS AGO

Circleville firemen received a false alarm from box 13 at Pickaway and Watt Sts., reported to be the first this year.

The Duval A and L Club held its annual fish fry in the home of John Reid.

Washington Grange planned to observe Go-To-Church-Sunday with an open meeting in the school auditorium.

Romney's Outlook

By John Chamberlain

The speech made by Governor George Romney of Michigan to the newspaper publishers in New York evoked some mystified comments. The fact that it was not taken as a commentary on what has happened in this country, for what the Governor was saying, in his sincere and slightly evangelical way, would have been clearly understood a generation ago. The fact is that Romney's talk was more or less a paraphrase of the sort of sound American economics favored by the late Garett, who thought the genius of our economic system residing in the possibility of dividing productivity gains in a three-way split, something for stockholders, something for labor, and the rest to the consumer by way of progressively lower prices.

Governor Romney fudged things up a bit by saying this three-part division was "consumerism," not capitalism, and by quoting from a French author instead of from home-grown economists like Garett, who is still remembered in Detroit. Personally, I don't care whether the system of parceling out productivity among the three parties is called consumerism or capitalism or, to use another Romney phrase, "progress sharing." The point is that the Governor was on what was once the normal liberal American beam, and the tragedy is that his evocation of the figure of the first Henry Ford (who raised wages and simultaneously lowered the price of his cars) was taken by commentators to be mere antiquarianism, something on the order of a Model T car itself.

Romney, in his speech, was stepping on some well-entrenched sacred cows, for his Garettism was an implied criticism of two great powers in his home state of Michigan, Walter Reuther's United Automobile Worker and the Big Three of the automotive industry. What the Governor was saying, by indirection, is that both the UAW and the Big Three left the consumer out of account when they made their last bargaining agreement, which provided for higher wages and a continued flow of good dividends to the stockholder, but offered nothing for the consumer in the way of lower car prices.

The Governor extended his criticism to the entire economic system of the United States, for he spoke of big corporations and big unions everywhere skimming the cream of our affluence and letting the customer become the forgotten man. A couple of generations ago this sort of talk would have marked the Governor as a liberal or a progressive in the native American tradition of Theodore Roosevelt and William E. Borah, to name two Republican representatives of the breed.

Both Theodore Roosevelt and Borah were politically viable entities, as they demonstrated

during long and effective careers. But whether the classic American liberal economic doctrine can carry Romney to the U. S. Senate or to the White House in a day when everybody seems to be trying to get his cut by way of one government subsidy or another is a question. As a people we may have degenerated too fast and too far to support a Romney.

Romney had something to say about the decline of religious conviction, the trend to substitute government and money for family responsibility, the linked spread of juvenile delinquency and senior citizen aimlessness, and the need for overhauling obsolete municipal and state charters that keep our local political units from functioning acceptably. What he said on these scores should make him an acceptable candidate to both conservatives and traditional liberals alike. But he has annoyed conservatives by being stiff-necked about Barry Goldwater. Whether peace can be made between the Goldwater wing of the Republicans and the Romney partisans is a question that should be tackled in a sincere way by everybody concerned, for the Republicans haven't enough good candidates to throw anybody away because of a misunderstanding.

Romney is touring western Europe with a group of seventy-two Michigan businessmen and state officials to drum up business for Michigan as a "seaport state." In the Romney party we big shots from such corporations as the Dow Chemical Company, the Whirlpool Corporation, the S. S. Kresge Company, and the Michigan Bell Telephone Company. Maybe some of George Romney's passion for "consumerism" as opposed to Big Corporation-Big Union concentration on high wages at maintained price levels will rub off on his traveling companions. The man who sold the Rambler car is still an exciting character, and the country would be the gainer if he could only sell his economic theory in key places.

You're Telling Me!

By William Ritt
Central Press Writer

Biblical texts and short sermons are being flashed by a local church from a moving signboard atop a skyscraper in Essen, Germany, according to a news dispatch. What a heavenly idea!

In Market Bosworth, England a pet pony downed a pint of beer twice as fast as did his human opponent. And despite that long neck handicap, too.

A San Francisco police dog successfully sniffed out the hiding place of a burglar who was crouching behind a box of pepper in a spice warehouse. That's scentsational!

The Mariner 4 spacecraft, now half-way along its trip to Mars, is being increasingly bombarded by swarms of micro-meteorites — which are about the size of dust particles. Oh, well, that's better than running into a bunch of little green men!

A London pet shop advertises it will trim and shampoo a dog "in the comfort of his home." Must prove pretty cramped quarters for the barber!

Kansas City police arrested a man they found stuck 20 feet below the top of a chimney. They were pretty sure he wasn't Santa Claus in disguise.

Nearing 102, a Detroit centenarian declares he enjoys good food, a cocktail and cigars. Apparently he wants to make the SECOND 100 years the nicest!

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Is heart disease classified according to severity?

The American Heart Association has divided heart disease into four categories. Physicians base these classes on the capacity of a patient to perform ordinary activities.

Class I includes those who are able to carry on ordinary physical activity without discomfort.

Class II includes those who have the discomfort of shortness of breath and pain in the chest with ordinary activity. These patients are only slightly limited to activity.

Class III are those patients who are comfortable at rest, but who have symptoms of pain and shortness of breath with slight exertion. The activity of these patients is greatly limited.

Class IV includes those who cannot carry on any physical activity without discomfort. Many of these patients have symptoms even while at rest. These classes often overlap.

The exact classification depends entirely on the judgment and observations of the attending physician.

Is there a proper way to prepare a hot water bag?

The proper way is the safe way. Water bags that are too hot or too heavy may defeat their comforting purpose.

The bag should not contain air. Expel the air by pressure before securely corking the bag. Make certain the bag does not leak and burn the patient. Wrap the bag in a flannel cloth before applying it to the patient's body.

Remember that the skin of the sick patient may be far more sensitive and delicate than that of the person who tests the bag for heat. After the bag is applied for a few moments, look at the underlying skin and not if there is any area of unusual redness. If so, the bag is too hot.

The temperature of the water should not be higher than 150 degrees Fahrenheit.

What fruits are considered to have laxative effects?

Prunes, rhubarb, figs, dates, raisins, apples, pineapple and oranges have mild laxative qualities.

The habit and dependence on laxative drugs deserves a word of caution. Some people have a misconception about "regularity" and become dependent on laxative drugs.

There are definite reasons and times for laxatives.

The only way to understand one's own particular bowel problem is by discussion with a physician.

Each individual can vary from regularity to irregularity, and even to "regular irregularity."

Physicians usually try to discourage overconcentration on bowel regularity.

Romney is touring western Europe with a group of seventy-two Michigan businessmen and state officials to drum up business for Michigan as a "seaport state." In the Romney party we big shots from such corporations as the Dow Chemical Company, the Whirlpool Corporation, the S. S. Kresge Company, and the Michigan Bell Telephone Company. May be some of George Romney's passion for "consumerism" as opposed to Big Corporation-Big Union concentration on high wages at maintained price levels will rub off on his traveling companions. The man who sold the Rambler car is still an exciting character, and the country would be the gainer if he could only sell his economic theory in key places.

Pay for Cons In Research Being Sought

COLUMBUS, Ohio (AP)—Convicts volunteering for cancer tests and other research services would be paid under a bill up for a vote tonight in the Ohio House.

Rep. Margiene Valiquette, D-Lucas, offered the proposal along with four cosponsors. Under the measure, convicts could be paid up to \$125 a year. Groups or organizations conducting the research would provide the money.

Seven other measures are on tonight's House calendar as the lawmakers return to the Statehouse for the 15th work week.

Among three bills due for Senate consideration is one that also deals with prisoners. It tightens bookkeeping requirements and spells out feeding and lodging practices at county jails.

Sen. Charles H. Jones, R-Butler, and Oliver Ocasek, D-Summit, introduced the measure which carries an emergency clause that would make it effective upon enactment and the governor's signature.

House members are expected to have a flood of new bills this week, getting them in before the Thursday cut-off date agreed to last week. The Senate has no cutoff date.

To date, 1,072 measures have been introduced in both houses compared to more than 1,300 offered in the 105th General Assembly. The previous legislature passed 369 measures and the governor signed all but three.

Hearings may begin this week on the new \$888 million appropriations measure to run the Highway and Highway Safety departments for the two years beginning July 1.

Sen. William H. Deddens, R-Hamilton, introduced the measure to replace one defeated earlier by Democrats in the evenly divided upper chamber. It failed because it did not get the 17-vote majority required for passage in the 32-member chamber.

Deddens said the new measure is "essentially the same" as the one turned down by Democrats except for one minor change. Sen. Ross Pepple, R-Allen, said the Senate Finance Committee, which also is considering the House-passed \$1.4 billion general appropriations bill, will sandwich in hearings on the new highways measure. Pepple is committee chairman.

Meanwhile, House Speaker Roger W. Cloud, R-Logan, called on two former employees of the Legislative Service Commission to appear today in connection with charges they were muzzled in their work by the GOP administration.

Cloud, who is chairman of the commission, said he invited James K. Tully and Ev Crawford to appear before the group and give their reasons for leaving the commission, which is the fact-finding arm of the general assembly.

Tully has said he would be glad to appear before the group. Crawford now works in Washington. It was uncertain whether he would appear.

Senate Democratic Leader Frank W. King, D-Lucas, made the charges earlier this month. Cloud held a commission meeting last week at which the charges were denied by him and other Republican members of the commission.

King claims Tully left the commission because he was stopped from doing an audit of funds for the administration's new booklet, "Wonderful World of Ohio." King asked for the audit, claiming the booklet amounts to administration propaganda and that the source of funds for its publication never has been disclosed.

BERMUDA FROM THE GEMINI-3—That is Bermuda coming into view through a window of Gemini-3 as astronauts Gus Grissom and John Young orbit Earth. Young made photo.

The World Today

WASHINGTON (AP) — President Johnson couldn't miss the lesson from the Truman administration's experience book of 15 years ago. Johnson was in the Senate then and he lived through it.

This can explain why news stories, without revealing their sources, over the weekend said the Johnson administration, although seeing no need for them now, has not ruled out using nuclear weapons in Viet Nam.

If this administration ever indicated it would never use such weapons, and then the Vietnamese war took a grim turn, his critics could say he had invited the Communists to get tougher.

This was what happened to President Harry S. Truman, although in different fashion.

In the late 1940s the United States had a long and unhappy time of it with Chiang Kai-shek in his war against the Red Chinese. American aid and weapons were wasted.

The Reds drove Chiang off the China mainland in late 1949. He and the Nationalist troops he had left fled to Formosa. Truman publicly washed his hands of the Nationalist leader in talking to newsmen on Jan. 5, 1950.

The president said this country would take no action to save Formosa from a Red invasion. Secretary of State Dean Acheson backed him up, saying Chiang had enough money to buy all the arms he needed.

The two men made these statements after some Republicans — particularly former President Herbert Hoover and Sen. Robert A. Taft — had urged defense of Formosa by the U.S. Navy.

After Truman's hands-off announcement there were more Republican protests. The Republican Senate leader, Kenneth S. Wherry, said Truman's position was an invitation to the Communists to take Formosa.

Truman later had to do an about-face and send the Navy to protect Formosa — and it has been doing that ever since — but this was only after the start of the Korean War later that year.

But this was only one of the

Cincy GOP Chieftain Is Victim of Burglary

CINCINNATI (AP)—A mink stole and a pearl-diamond bracelet valued at \$1,000 each were taken over the weekend from the apartment of Hamilton County Republican Chairman Gordon H. Scherer.

Scherer told police the thief, who apparently picked the lock at Scherer's apartment in the Highland Towers, also took \$40 in cash. The bracelet was a birthday gift to his wife several years ago, Scherer said.

Each Woman Has Engineer in Life

NEW YORK (AP) — Every woman has an engineer in her life — whether she knows it or not.

What are the engineering developments that have most benefited homemakers in the past 100 years? The opinions of some 7,000 engineering alumni of Columbia University were polled as one of the activities commemorating the 100th anniversary of engineering education at the school.

Consulting their own little women, the graduates ranked the bringing of electricity into the home as the most important engineering contribution. Second most important was the mass production of clothing. Next came the use of automatic equipment in the kitchen, and then the development of frozen foods.

One thing the engineers all agreed on: the homemaker of today is no longer a slave to the kitchen, thanks to modern engineering.

USE THE CLASSIFIEDS

THIS IS THE ENEMY, AND SHE LOOKS GOOD—Three members of the women's militia in Hanoi, North Viet Nam capital, watch as a recruit signs up for service in the suburbs, says the caption with this photo from an official Communist source. Young women are joining up "to drive out the U. S. aggressors," it says here.

By James Marlow

statements which were later used against the Truman administration. On Jan. 12, 1950, seven days after Truman's hands-off talk, Acheson made a public talk he was never allowed to forget.

He said the American "defensive perimeter" in the Pacific ran from the Aleutian Islands to Japan and down through the Ryukyu Islands, south of Japan, to the Philippines. He didn't mention Formosa.

And he didn't put Korea with-

in the defensive perimeter. But he added something which certainly could apply to Korea but which his critics later ignored or found it convenient to forget.

He said: No one could guarantee other Pacific areas from attack but if it came the people attacked would have to depend first on their own resistance and then upon the "civilized world" through the United Nations.

Gen. Douglas MacArthur drew the same perimeter a few months later but Acheson's critics never seemed to remember that.

But after the North Korean Communists attacked South Korea in June 1950, Sens. Joseph McCarthy and Taft distorted Acheson's words by saying he had announced the United States would not defend Korea.

This distortion continued to be used against Acheson long afterwards. Actually, as soon as the Reds attacked on June 25, the United Nations called for a cease-fire. The Reds ignored this.

The next day, June 26, Truman ordered American forces to Korea and was immediately backed by the United Nations. This was when Truman also ordered Formosa defended.

Truman had several thoughts about using the A-bomb in Korea. On July 27, three months before Red China got into the war, he said he wasn't even considering it.

After China rushed in, Truman on Nov. 30 told newsmen the United States would use every weapon necessary but didn't want to see the A-bomb used.

Long after he left the White House, Truman wrote that MacArthur wanted to use the bomb when the Chinese came in. But, Truman said, that "might very well have brought on World War III."

LE Jesters To Present 3-Act Play

A three-act comedy, "Mother Is a Freshman," will be presented April 29 and 30 by the Logan Elm Jesters.

The double-cast play will be staged in the Logan Elm High School gym starting at 8 both evenings. Tickets will be available at the door.

Under the direction of Owen Duncan and Mrs. James Court-right, the casts will portray the conflicts caused by Mrs. Abbott's accepting a scholarship to Pointer College. She accepts the scholarship as a means of keeping her daughter Susan in college.

When Mrs. Abbott arrives at Pointer, she encounters many obstacles. One of them is her daughter's opposition to having a mother as a freshman.

Janet Delong will portray Mrs. Abbott in Cast One, with Linda Trimmer as Susan. The second evening Page Miller will be Mrs. Abbott and Becky Alkire her daughter Susan.

why BEAUTYREST is better!

Ordinary Mattress Beautyrest

Ordinary mattresses have about 300 wired-together springs that sag down together under weight. Push one down and the others sag down too. Beautyrest is different. Over 800 springs are not wired together. They are separate—independent. Push one down and the others aren't affected.

Only Beautyrest has independent coils

Since independent Beautyrest springs are separate and independent each adjusts to your weight and gives firm, body-fitting comfort. No sag—no curved spine. In a Beautyrest double bed there are "His" springs and "Her" springs—those in between are not affected. Result: single bed comfort in a double bed. No sag—no rolling together. Another comforting thought. Beautyrest lasts longer—outlasts other mattresses by 3 to 1 according to rigid tests by the Nationwide Consumer Testing Institute. Costs only a penny more per night than so-called "Bargains."

Miss Roberta Galvin, Mr. Richard Davis
Are United in Double Ring Ceremony

MRS. RICHARD L. DAVIS

Miss Roberta Galvin and Mr. Richard L. Davis were united in marriage 11 a. m. Saturday in St. Columbkille Church, Wilmington. The bride is the only daughter of Mr. and Mrs. W. W. Galvin of Wilmington. Mr. Davis is the son of Mr. and Mrs. Milton Davis, 151 W. High St.

The double ring ceremony was performed by the Rev. Theodore Stuber, rector of the church, assisted by the Rev. Raymond Goode, Portsmouth, a friend of the bridegroom. Members of the immediate families and a few close friends were present.

All white blossoms were used for the church decorations. Four vases of brass on the main altar were filled with lilacs and chrysanthemums. The bouquet for the Virgin Mary altar was formed of valley lilies and roses. Clusters of lilacs trimmed the pews of the center aisle of the sanctuary.

Mr. Charles F. Fischer, organist, presented a prelude of organ music including "Ave Maria," Bach - Gounod; "Yellow Roses," Charles F. Fischer; "On This Day Oh Beautiful Mother," a traditional Catholic hymn; "Ave Marie" Schubert; "Panis Angelicus," Caesar Franck, and the processional and recessional marches of Rossini.

Given in marriage by her father, the bride wore a gown of candelight peau de soie designed with a sculptured bodice embroidered with seed pearls and cut crystals. The embroidery was repeated in motif on the front of the slim skirt and a detachable cathedral train flowed from a soft self fabric bow at the back. A pillbox of peau de soie embroidered with imported crystal beads and seed pearls held her bouffant veil of imported silk illusion. She carried a Bible topped with white cymbidium orchids.

Mrs. J. R. Regan of Wilmington was matron of honor. Bridesmaids were Mrs. Roger A. Hadley of St. Louis, Mo., and Miss Jo Ann Hale, Wilmington. The attendants wore floor length gowns of mint green silk chiffon with satin bands accenting the waistlines, designed identical to that of the bride. Matching picture hats of horsehair braid with moss green velvet ribbon streamers completed their ensembles. They carried sheaths of pastel tulips tied with moss green velvet ribbon.

Mr. Thomas W. Rodenfels, 526 N. Court St., cousin of the bride, served as best man. Ushers were Mr. William J. Galvin, Wilmington, brother of the bride, and Mr. Kenneth Davis, Renick Ave., brother of the bridegroom.

Mrs. Galvin chose for her daughter's wedding a pale blue dress and jacket of raw silk. The bodice was overlaid with lace designed in an all-over pattern of flowers which were encrusted with tiny crystal and white beads. A small veil was caught to her half hat of matching blue silk organza and her shoulder corsage was pink cymbidium orchids.

Mrs. Davis, mother of the bridegroom, wore a dress of pink lace over crepe with a matching hat. Her shoulder cor-

Dear Abby: By Abigail Van Buren
She's Tied in Knots!

DEAR ABBY: One of the girls who works with my husband gave him a tie last Christmas. He knows that I don't particularly care for the girl, in addition to which it's about the worst-looking tie I have ever seen. My husband has fairly good taste so he knows that tie is positively hideous, but he wears it constantly just to get my goat. Any suggestions?

BURNING

DEAR BURNING: Yes. Ignore it. It's knot worth the ag-

grivation. Besides, it's his neck.

DEAR ABBY: Something has to be done and fast, or my daughter's life will be ruined. She is four years old, and the only grandchild on both sides of the family. My problem: How do I keep my parents and in-laws from spoiling her rotten? Whenever she goes to one of her grandparents' homes, she gets whatever she wants, even if I say NO! They give her sweets any time she asks for them, let her skip her nap, and give her the run of the place. She does all the things there I don't let her do at home. She thinks of "Mother" as the person who spoils her fun and always says NO to her. This is making a nervous wreck of me. It's gotten so she won't even mind me at home any more. She has me where she wants me. Sometimes I wonder who is the parent and who is the child. What can be done?

NERVOUS WRECK

DEAR WRECK: Apparently you are still the "child" where your parents and in-laws are concerned. It's time you grew up and assumed the role of parent to your daughter. Continue to say NO to her when it's in her best interests. And learn how to say NO, NO, NO to your parents and in-laws when they undermine your effort to discipline your child. You'll need your husband's support. But if you must do it alone, do it. And start today.

DEAR ABBY: When someone wrote asking you why they made stretch pants in sizes 18 and 20 when women who required those sizes looked so ridiculous in them you answered, "Manufacturers will make anything they think they can sell."

How right you were, Abby. I thought I had seen everything when I saw maternity stretch pants, featuring a let-out adjustable waistband. Then I saw an ad in a magazine for maternity wedding gowns. What next?

FLABBERGASTED

CONFIDENTIAL TO "SUFFERING" IN LUDINGTON: You can't "kill" love. It has to die by itself.

TODAY
In History

By THE ASSOCIATED PRESS

Today is Monday, April 26, the 116th day of 1965. There are 249 days left in the year.

Today's highlight in history: On this date in 1607, Capt. John Smith and his London Company expedition landed near Cape Henry, Va. They established Jamestown, the first permanent English settlement in the New World.

On this date:

In 1785, John James Audubon, naturalist, painter and author, was born.

In 1819, the first Odd Fellows Lodge in America was organized at Baltimore.

In 1865, Gen. Joseph Johnston surrendered the last large Confederate army to Gen. William Sherman at Durham, N.C.

In 1938, Germany announced it would not participate in the New York World's Fair.

In 1941, British forces started to evacuate Greece.

Ten years ago—Congress received a request from President Dwight Eisenhower to extend reciprocal trade agreements.

Five years ago—An estimated one million persons welcomed French President Charles de Gaulle at a ticker-tape parade in New York.

One year ago — Communist Romania announced it would serve as mediator in the ideological dispute between Red China and the Soviet Union.

To make a white layer cake extra special, fill it with chocolate frosting to which a little rum has been added. Frost the whole cake (top and sides) with more of the same!

Repeat Wedding Vows in New York

MRS. PETER FRANCIS RICCIARDI

Miss Jacqueline Mary Smith, daughter of Mrs. James I. Smith, 1235 S. Court St., and the late Mr. Smith, became the bride of Mr. Peter Francis Ricciardi, son of Mr. and Mrs. Louis Ricciardi, Albany, N. Y., Saturday morning in The Lady Chapel, Saint Patrick's Cathedral. The Nuptial Mass was said by the Rev. Father John J. Barry.

Given in marriage by her brother, Mr. James I. Smith III, the bride wore a white silk organza gown edged with Venice lace and a silk illusion veil which fell from a double bow of matching organza. She carried white roses and lilies-of-the-valley.

Mrs. David Nebergall, sister of the bride, was matron of honor. Other attendants were Mrs. Thomas Auch and Miss Elizabeth Boggs, both cousins of the bride. They wore identical gowns of pale yellow silk linen, matching yellow bows, and carried yellow roses and lilies-of-the-valley.

Dr. Edward Terino served as best man. Ushers were Mr. Donald Yezzi and Mr. Stephen Smith, brother of the bride.

A reception was held at The Plaza Hotel following the ceremony.

Mrs. Ricciardi attended Saint Mary's College, Notre Dame, Ind. and was graduated with honors from Ohio State University where she was a member of Kappa Kappa Gamma Sorority and Omicron Nu, Home Economics Honorary. She completed a dietetic internship at Peter Bent Brigham Hospital, Boston, and received an M.S. degree from Columbia University.

Mr. Ricciardi was graduated from The College of Business Administration, Boston University.

After a trip to Bermuda the couple will make their home in New York City where Mr. Ricciardi is associated with the New York Stock Exchange.

Miss Roberta Galvin, Mr. Richard Davis
Are United in Double Ring Ceremony

MRS. RICHARD L. DAVIS

Miss Roberta Galvin and Mr. Richard L. Davis were united in marriage 11 a. m. Saturday in St. Columbkille Church, Wilmington. The bride is the only daughter of Mr. and Mrs. W. W. Galvin of Wilmington. Mr. Davis is the son of Mr. and Mrs. Milton Davis, 151 W. High St.

The double ring ceremony was performed by the Rev. Theodore Stuber, rector of the church, assisted by the Rev. Raymond Goode, Portsmouth, a friend of the bridegroom. Members of the immediate families and a few close friends were present.

All white blossoms were used for the church decorations. Four vases of brass on the main altar were filled with lilacs and chrysanthemums. The bouquet for the Virgin Mary altar was formed of valley lilies and roses. Clusters of lilacs trimmed the pews of the center aisle of the sanctuary.

Mr. Charles F. Fischer, organist, presented a prelude of organ music including "Ave Maria", Bach - Gounod; "Yellow Roses", Charles F. Fischer; "On This Day Oh Beautiful Mother", a traditional Catholic hymn; "Ave Marie" Schubert; "Panis Angelicus", Caesar Franck, and the processional and recessional marches of Rossini.

Given in marriage by her father, the bride wore a gown of candlelight peau de soie designed with a sculptured bodice embroidered with seed pearls and cut crystals. The embroidery was repeated in motif on the front of the slim skirt and a detachable cathedral train flowed from a soft self fabric bow at the back. A pillbox of peau de soie embroidered with imported crystal beads and seed pearls held her bouffant veil of imported silk illusion. She carried a Bible topped with white cymbidium orchids.

Mrs. J. R. Regan of Wilmington was matron of honor. Bridesmaids were Mrs. Roger A. Hadley of St. Louis, Mo., and Miss Jo Ann Hale, Wilmington. The attendants wore floor length gowns of mint green silk chiffon with satin bands accenting the waistlines, designed identical to that of the bride. Matching picture hats of horsehair braid with moss green velvet ribbon streamers completed their ensembles. They carried sheaths of pastel tulips tied with moss green velvet ribbon.

Mr. Thomas W. Rodenfels, 526 N. Court St., cousin of the bride, served as best man. Ushers were Mr. William J. Galvin, Wilmington, brother of the bride, and Mr. Kenneth Davis, Renick Ave., brother of the bridegroom.

Mrs. Galvin chose for her daughter's wedding a pale blue dress and jacket of raw silk. The bodice was overlaid with lace designed in an all-over pattern of flowers which were encrusted with tiny crystal and white beads. A small veil was caught to her half hat of matching blue silk organdy and her shoulder corsage was pink cymbidium orchids.

Mrs. Davis, mother of the bridegroom, wore a dress of pink lace over crepe with a matching hat. Her shoulder cor-

sage was a white cattleya orchid.

Corsages of the bride's grandmothers, Mrs. E. R. Hazard and Mrs. W. J. Galvin, were white cymbidium orchids.

Immediately following the ceremony a wedding breakfast was held at Snow Hill Country Club, Wilmington.

At 3:30 p. m. a reception was held at Snow Hill Country Club for relatives and friends including many out-of-city guests.

For the reception the country club was decorated with arrangements of tulips, hyacinths, lilacs, camellias, and snapdragons. A focal point in the foyer was a fountain, its several levels edged and encircled with pink geraniums, lilacs and hyacinths.

In the colonial reception-living room, where the receiving line was stationed, Williamsburg vases of tulips, snapdragons, lilacs and gladioli were placed in the deep windowsill recesses and arrangements covered the mantels and formed table decorations. The adjoining music and dining rooms were similarly trimmed with window and table bouquets.

The theme of spring flowers was also used in the ballroom where the reception took place and where a buffet was served.

A tree of pink camellias and a grouping of pink tulips and hyacinths combined with woodwardia fern decorated a corner of the room. Located opposite it the Victor Tooker orchestra played throughout the afternoon before a background of pink tulips and woodwardia fern.

Back of a punch bowl of carved ice a tall standard of ice held a pair of love birds beside a wedding bell. In the punch bowl were pink roses and extending over the edge of a silver champagne fountain hung clusters of fresh, pink grapes.

The buffet table, decorated with southern smilax, was centered with an alabaster epergne. The cupid which formed its pedestal held a massed arrangement of pink camellias and white lilacs. Smilax and pink camellias encircled the base and were entwined in the tall triple silver candelabra at the ends of the table.

Clusters of lilies of the valley crowned the wedding cake and were combined with smilax to encircle it. A motif of moss green velvet bows and smilax festooned the table and was repeated on other tables in the ballroom.

Among the friends who assisted with reception details were Mrs. Thomas W. Rodenfels, Circleville; Mrs. A. G. Dixon, Columbus; Mrs. Walter C. Vail, Mrs. J. Meredith Darbyshire, Mrs. James Knowles, Mrs. William F. McCoy, Mrs.

Gilbert W. Wilkin, Mrs. Luella Babb, Mrs. Fred A. Murphy and Mrs. Joseph H. Landrum. Mrs. Lewis A. Sutton was in charge of the reception arrangements.

For the wedding trip to southern California, the bride wore a blue silk tweed suit, the jacket accented by blue satin lapels, and a matching blue hat. Her corsage was a spray of white cymbidium orchids.

The new Mrs. Davis was graduated from Lima Central High School and attended Western College for Women in Oxford and Wilmington College. Prior to her marriage she was on the advertising staff of the Wilmington News-Journal.

Mr. Davis, a 1954 graduate of Circleville High School, attended the College of St. Charles Borromeo and Ohio State University, Columbus. He is a member of the editorial staff of The Circleville Herald.

The couple will reside at 511 Plaza Drive.

Following the wedding rehearsal Thursday night, Mr. and Mrs. W. W. Galvin entertained at their residence with a buffet supper for members of the wedding party and additional friends.

Snapdragons and iris in a crystal bowl and four single candles in crystal holders decorated the buffet table. Pink sweetheart roses were living room bouquets and red carnations were used for the family room.

The guest list included the prospective bride and bridegroom, the Rev. Theodore Stuber, the Rev. Raymond Goode, Capt. and Mrs. Roger A. Hadley of St. Louis, Mo.; Mr. and Mrs. Thomas Rodenfels, Mr. and Mrs. Milton Davis, Mr. and Mrs. Kenneth Davis, Mrs. J. R. Regan, Miss Jo Ann Hale, Mrs. Lewis A. Sutton, Mr. Charles F. Fischer and Mr. William J. Galvin.

Dinner Meet Slated

An installation dinner will be held 6:30 p. m. today at Tink's Tavern by members of Berger Hospital Guild No. 41.

If you want to give a loaf of homemade yeast bread delicious flavor, add nutmeg, sage and caraway seeds.

Circleville, Ohio

Dear Abby: By Abigail Van Buren
She's Tied in Knots!

DEAR ABBY: One of the girls who works with my husband gave him a tie last Christmas. He knows that I don't particularly care for the girl, in addition to which it's about the worst-looking tie I have ever seen. My husband has fairly good taste so he knows that tie is positively hideous, but he wears it constantly just to get my goat. Any suggestions?

BURNING

DEAR BURNING: Yes. Ignore it. It's knot worth the aggravation. Besides, it's his neck.

DEAR ABBY: Something has to be done and fast, or my daughter's life will be ruined. She is four years old, and the only grandchild on both sides of the family. My problem: How do I keep my parents and in-laws from spoiling her rotten? Whenever she goes to one of her grandparents' homes, she gets whatever she wants, even if I say NO! They give her sweets any time she asks for them, let her skip her nap, and give her the run of the place. She does all the things there I don't let her do at home. She thinks of "Mother" as the person who spoils her fun and always says NO to her. This is making a nervous wreck of me. It's gotten so she won't even mind me at home any more. She has me where she wants me. Sometimes I wonder who is the parent and who is the child. What can be done?

NERVOUS WRECK

DEAR WRECK: Apparently you are still the "child" where your parents and in-laws are concerned. It's time you grew up and assumed the role of parent to your daughter. Continue to say NO to her when it's in her best interests. And learn how to say NO, NO, NO to your parents and in-laws when they undermine your effort to discipline your child. You'll need your husband's support. But if you must do it alone, do it. And start today.

DEAR ABBY: When someone wrote asking you why they made stretch pants in sizes 18 and 20 when women who required those sizes looked so ridiculous in them you answered, "Manufacturers will make anything they think they can sell."

How right you were, Abby. I thought I had seen everything when I saw maternity stretch pants, featuring a let-out adjustable waistband. Then I saw an ad in a magazine for maternity wedding gowns. What next?

FLABBERGASTED

CONFIDENTIAL TO "SUFFERING" IN LUDINGTON: You can't "kill" love. It has to die by itself.

TODAY In History

By THE ASSOCIATED PRESS

Today is Monday, April 26, the 116th day of 1965. There are 249 days left in the year.

Today's highlight in history: On this date in 1607, Capt. John Smith and his London Company expedition landed near Cape Henry, Va. They established Jamestown, the first permanent English settlement in the New World.

On this date:

In 1785, John James Audubon, naturalist, painter and author, was born.

In 1819, the first Odd Fellows Lodge in America was organized at Baltimore.

In 1865, Gen. Joseph Johnston surrendered the last large Confederate army to Gen. William Sherman at Durham, N.C.

In 1938, Germany announced it would not participate in the New York World's Fair.

In 1941, British forces started to evacuate Greece.

Ten years ago—Congress received a request from President Dwight Eisenhower to extend reciprocal trade agreements.

Five years ago—An estimated one million persons welcomed French President Charles de Gaulle at a ticker-tape parade in New York.

One year ago — Communist Romania announced it would serve as mediator in the ideological dispute between Red China and the Soviet Union.

To make a white layer cake extra special, fill it with chocolate frosting to which a little rum has been added. Frost the whole cake (top and sides) with more of the same!

Space-Saving Ideas for Home

By ELEANOR ROSS

Many visitors to the annual Hotel - Motel Exposition held in New York's Coliseum have nothing to do with the hotel-motel business. They spend much time scrutinizing and taking notes on space - saving units and ideas.

The latest showing was no exception and it offered several ideas applicable to the home.

One likely to delight any woman is a bed with rounded corners. What a boon in a bedroom where there is only a narrow space between wall and the foot of the bed.

And how many painful injuries would be avoided if all beds had rounded corners!

Well, anyway, the bed, made by a company famous for its mattresses, is being manufactured for hotels and motels.

Why not put it on the ordinary consumer market? We're a potential customer!

A small room, geared to take care of the traveling public, makes use of every inch of space, floor or wall.

One such unit created much interest, even if it may have lacked practical application for the homemaker.

But some components could prove useful. Steel drawer units, combined with special hardware, poles and lighting unify a wall television set, a substantial storage shelf and a chest of drawers. Similar metal poles hold the frame for a dressing table with a mirror framed in light bulbs for make-up illumination of the type used by professionals. The whole unit is compact, a real giant combined in a little job. It is entirely functional and surely could be re-produced by a talented do-it-yourselfer.

Another interesting and useful item is an ironing board, which, when not in use, is folded away behind a decorative wall panel. This is something that could be worked out for a one-room apartment or any apartment with but limited kitchen space. In the show, the unit also contained a sleeve board and an iron with a safety cutoff.

Something else very applicable to living quarters is a large room that can be cleverly converted to two, with a connecting door between.

Wardrobe and drawer units, used back to back, in room-dividing fashion, furnish support for sliding doors which can be opened or closed as desired.

When refurbishing a home, it is wise to do as hotel and motel owners do and that is to have as many washable surfaces as possible.

Easily cared - for furniture and room appointments make cleaning day a cinch.

K of C Auxiliary To Meet Wednesday

The Ladies Auxiliary of the Knights of Columbus will meet 8 p. m. Wednesday in the council rooms, S. Pickaway St.

Guild No. 43 Meet Slated Wednesday

Mrs. Carl Manson, 149 Dunmore Road, will entertain members of Berger Hospital Guild No. 43 Wednesday at 8 p. m.

Mrs. Edward Tomlinson will be co-hostess. An election of officers will be conducted.

Personals

Mr. and Mrs. Illey Greeno, 218 S. Pickaway St., observed their 56th wedding anniversary Saturday. Friends and relatives visited the couple during the day.

Guild Meet Slated

Berger Hospital Guild No. 23 will meet 8 p. m. Thursday in the home of Miss Ruth Stout, 104 E. Mound St.

Heat a variety of drained canned fruit with sugar, butter and curry powder to serve with roast pork. Great for company!

BPW Club Entertains Senior Girl Graduates

Senior Girl Graduates of Pickaway County were honored with a Reception - Recognition program given by the Circleville Business and Professional Women's Club.

There were 240 members and guests present for the event held in the social rooms at Nicholas Drive School. Mary K. Kennedy, president, welcomed the group. Jo An Brink, general chairman, introduced officers and chairmen for the occasion.

Music for the evening was in charge of Mrs. Angela Shoaf, vocalist, and her accompanist, Mrs. Doris Loop, both of Chillicothe.

Stephanie Marion, National Miss Methodist Student Nurse of 1965, was guest speaker. She gave highlights of the life of a student nurse. She reminded the group that each individual has only one life to live and therefore each should, with proper guidance, decide early in this life the professional path to pursue to provide the richest benefits.

Mrs. George Hamrick, senior

Mrs. Lutz Honored At Birthday Dinner

Mrs. Warren Lutz, 152 Logan St., was honored recently on her birthday at the home of her daughter, Mrs. James Deeds, Lancaster.

A buffet dinner was served and gifts were presented to the honored guest.

Members of the family and Miss Jill Jenkins of Circleville were present.

Meet Set Thursday

Berger Hospital General Guild Forum will meet 8 p. m. Thursday in the guild room at the hospital.

The executive board will meet at 7:30 p. m.

Dinner Slated Today

Members of Berger Hospital Guild No. 41 will meet 6:30 p. m. today at Tink's Tavern for an installation dinner.

GIFT PRESENTED - The Newcomers Club has presented a check for \$40 to the local School for Exceptional Children. Receiving the check here is Mrs. Leora Sayre, a teacher at the school, Miss Jean Tootle and Mrs. Roger Thomas, president of Newcomers Club. Club members held a benefit card party and sold candy to raise the money.

The Ladies Auxiliary of the Knights of Columbus will meet 8 p. m. Wednesday in the council rooms, S. Pickaway St.

Guild No. 43 Meet Slated Wednesday

Mrs. Carl Mason, 149 Dunmore Road, will entertain members of Berger Hospital Guild No. 43 Wednesday at 8 p. m.

Mrs. Edward Tomlinson will be co-hostess. An election of officers will be conducted.

Personals

Mr. and Mrs. Illey Greeno, 218 S. Pickaway St., observed their 56th wedding anniversary Saturday. Friends and relatives visited the couple during the day.

Guild Meet Slated

Berger Hospital Guild No. 23 will meet 8 p. m. Thursday in the home of Miss Ruth Stout, 104 E. Mound St.

Heated a variety of drained canned fruit with sugar, butter and curry powder to serve with roast pork. Great for company!

BPW Club Entertains Senior Girl Graduates

Senior Girl Graduates of Pickaway County were honored with a Reception - Recognition program given by the Circleville Business and Professional Women's Club.

There were 240 members and guests present for the event held in the social rooms at Nicholas Drive School. Mary K. Kennedy, president, welcomed the group. Jo An Brink, general chairman, introduced officers and chairmen for the occasion.

Music for the evening was in charge of Mrs. Angela Shoaf, vocalist, and her accompanist, Mrs. Doris Loop, both of Chillicothe.

Stephanie Marion, National Miss Methodist Student Nurse of 1965, was guest speaker. She gave highlights of the life of a student nurse. She reminded the group that each individual has only one life to live and therefore each should, with proper guidance, decide early in this life the professional path to pursue to provide the richest benefits.

Mrs. George Hamrick, senior

Mrs. Lutz Honored At Birthday Dinner

Mrs. Warren Lutz, 152 Logan St., was honored recently on her birthday at the home of her daughter, Mrs. James Deeds, Lancaster.

A buffet dinner was served and gifts were presented to the honored guest.

Members of the family and Miss Jill Jenkins of Circleville were present.

Meet Set Thursday

Berger Hospital General Guild Forum will meet 8 p. m. Thursday in the guild room at the hospital.

The executive board will meet at 7:30 p. m.

Dinner Slated Today

Members of Berger Hospital Guild No. 41 will meet 6:30 p.m. today at Tink's Tavern for an installation dinner.

GIFT PRESENTED - The Newcomers Club has presented a check for \$40 to the local School for Exceptional Children. Receiving the check here is Mrs. Leora Sayre, a teacher at the school, Miss Jean Tootle and Mrs. Roger Thomas, president of Newcomers Club. Club members held a benefit card party and sold candy to raise the money.

PUMPKIN SHOW HONOR — Ned Dresbach (right) receives a plaque for presiding over the "Biggest Street Celebration in Ohio" — the Circleville Pumpkin Show. The award was made by the Ohio Showman Assn. Presenting the plaque here are Gov. James A. Rhodes (left) and Harry Dearwester, president of the association. Dresbach was honored by the 500-member organization of Ohio Fair people for his efforts and accomplishments with the local Pumpkin Show. The presentation was made during the association's 16th Annual Spring Dinner at the State Fairgrounds in Columbus.

California GOP Booms Reagan For Governor

HOLLYWOOD (AP) — Ronald Reagan for governor of California?

His hat is all but in the ring. Politicians of both major parties say he would be a powerful contender.

The slim, eloquent advocate of conservative Republicanism has progressed from party workhorse to potential candidate due to:

His personal appeal and effectiveness as a campaigner for Barry Goldwater in the 1964 presidential campaign.

George Murphy's election to the U.S. Senate from California.

California's incessant political feuding, which this year finds Democrats split sharply and Republicans splintered in the wake of Goldwater's defeat, Reagan's is the only fresh GOP face.

Reagan, longtime leading man in movies and television, is working almost full time building support for next year's June GOP primary. If he should win, he'd probably face Gov. Edmund G. Brown in November.

Try to pin Reagan down and he says:

"I think the Republican party has reached a position where it's got to find out whom the broad cross-section of the rank and file thinks it could unite behind."

"If in the next several months the indications are that it is I, that's a responsibility I won't turn down. I don't think anybody should turn it down."

"If it's someone else, I'll support someone else."

The most likely someone else, if there proves to be another, is Sen. Thomas H. Kuchel, titular head of the California GOP. Friends say he opposes control of the state organization by conservatives and is considering seeking the governorship as a means of preventing it. But as GOP whip in the U.S. Senate he already occupies a position of power, and his term does not expire until 1970.

Republican chances are believed enhanced by a Democratic power struggle between Gov. Brown and State Assembly Speaker Jesse Unruh.

Barry Goldwater has said

Peggy Lee, Oldtime Boss Pair after 22-Year Lapse

HOLLYWOOD (AP) — It was a meeting at the summit, a sentimental reunion of Peggy Lee and her oldtime boss, Benny Goodman, in her penthouse apartment high above the Sunset Strip.

The famous pair met with director Nick Castle and members of Miss Lee's rhythm combo to plan her re-teaming with Benny after a lapse of 22 years. It will take place next week at Melodyland in Anaheim, and aficionados of the swing era will consider it a historic event.

Such types, now pushing bravely through their 40s, can get choked up as they recall gawking before bandstands in the war years and listening to the agile clarinet of the King of Swing and the languorous tones of his beauteous blonde singer.

"Why doncha do right," she would moan, "like some other men do—"

Peggy sang with Goodman for only two years, 1941 to 1943, but their collaboration remains a memorable one. It resumed recently when Benny dropped in to hear his onetime employee at Basin Street East in New York. He got up on the stand, borrowed a clarinet and noodled with Peggy through a few choruses of — horrors — a Beethoven, "Hard Day's Night."

The audience went wild. "Why don't you come out and

"the time is getting ripe" for Reagan to go into politics. John Krebhiel, then chairman of the Republican State Central Committee, mentioned Reagan among a dozen potential candidates four years ago.

Reagan, although then a registered Democrat, campaigned vigorously for Richard M. Nixon's presidential bid against John F. Kennedy.

In the latest presidential campaign Reagan was co-chairman of the California Citizens for Goldwater-Miller Committee — and a fiery, persuasive speaker.

A nationally televised Reagan campaign speech brought in more than \$150,000 in small donations—more than was raised by any other speaker or rally, says Walter Knott, chairman of the Goldwater-Miller National TV Committee.

She quit the band to be a housewife and mother, but husband Dave Barbour convinced her to make some records for Capitol. She embarked once more on a career that has continued to flourish.

4 Ohioans Are Elected To High Sertoma Posts

LOUISVILLE, Ky. (AP) — Four Ohioans were elected regional governors of the Sertoma Club at the organization's annual meeting here Saturday night.

Elected were Virgil Mock, Lima; Farrell Baker, Greenville; Harold Jenkins, Granville, and Ben Henson, Mansfield. Dr. Robert W. Mouser of Indianapolis was named international director of the club's north-central district, which includes Ohio.

Steel Strike Jolt Appears Ahead

By JACK LEFLER
AP Business News Writer

NEW YORK (AP) — A steel strike starting Saturday, May 1, appeared over the weekend to be likely.

The United Steelworkers Union of America and the 11 major steel companies were far apart in their proposals for a new contract.

A strike would be a jarring disturbance to the economy, now in its fifth year of upturn.

There was a possibility that President Johnson would intervene to bring a settlement or extension before the strike deadline.

The word from the union was: "no contract, no work."

The union and management negotiators rejected each other's latest offer. The difference centers on how much in wages and fringe benefits the industry should give in exchange for an interim agreement while negotiations continue.

It was generally agreed that

there isn't enough time remaining between now and May 1 to negotiate a contract.

Negotiations were delayed for two months last winter because of the union presidential election between the current president, David J. McDonald, and I. W. Abel, secretary-treasurer. The result is yet to be settled.

The steel companies were reported getting ready to shut down furnaces in readiness for a May 1 walkout.

A strike would have immediate impact, cutting off workers' wages and companies' sales. If it is a long work stoppage, the impact would spread to other industries, some of which haven't been able to build stockpiles to the desired size because of current heavy demands for steel.

While negotiations continued, the mills hummed. They turned out 2,785,000 tons of steel during the week, tying the record for weekly production.

In another important labor

situation, the United Rubber Workers Union reached agreement with Firestone Tire & Rubber Co., B.F. Goodrich Co. and Goodyear Tire & Rubber Co. on a two year contract just in advance of a strike deadline.

The contract calls for a money and benefits package increase of about 28 cents an hour.

The Securities and Exchange Commission electrified financial circles by filing a civil suit, charging that Texas Gulf Sulphur Co. and 13 of its officers and directors profited from purchases of stock through advance knowledge of a huge ore discovery in Canada.

The accused were alleged to have purchased stock between November 1963 and April 1964 before the public was advised of the discovery.

The company denied there had been any legal or moral wrongdoing. President Claude O. Stephens told Texas Gulf's annual meeting that the officers and directors had offered to return the purchased stock but that the SEC had rejected the offer.

Automobile production spurted again, rising to an estimated 206,200 during the week from 155,482 the previous week, when there were no operations on Good Friday. Output a year ago was 182,337.

The Census Bureau reported new orders for durable goods

3 Youths Are Dunked In Swollen River

HAMILTON, Ohio (AP) — Three Cincinnati youths, out for a barrel of fun on the Great Miami River, ended up swimming for their lives Sunday.

James R. Hoff Jr., 18; Thomas Stonefield, 19, and Lawrence E. Pollic, 18, were forced to swim when they fell from their raft made of barrels into the swollen river near Ross. All reached shore.

Diver Robert Stenuit and Jon Lindbergh, son of Charles A. Lindbergh, spent 49 hours on the ocean floor in an inflatable rubber house, as part of inventor Edwin A. Link's Man-in-Sea project.

JACKIE'S GARDEN—The East Garden of the White House is now known as the Jacqueline Kennedy Garden. Mrs. Lyndon B. Johnson, the current First Lady, dedicated the garden. Working is Marsha Maddox of the White House staff.

"Why doncha do it right," she would moan, "like some other men do-oo-oo."

Peggy sang with Goodman for only two years, 1941 to 1943, but their collaboration remains a memorable one. It resumed recently when Benny dropped in to hear his onetime employee at Basin Street East in New York. He got up on the stand, borrowed a clarinet and noodled with Peggy through a few choruses of — horrors — a Beatles tune, "Hard Day's Night."

The audience went wild. "Why don't you come out and

"the time is getting ripe" for Reagan to go into politics. John Krebbl, then chairman of the Republican State Central Committee, mentioned Reagan among a dozen potential candidates four years ago.

Reagan, although then a registered Democrat, campaigned vigorously for Richard M. Nixon's presidential bid against John F. Kennedy.

In the latest presidential campaign Reagan was co-chairman of the California Citizens for Goldwater-Miller Committee — and a fiery, persuasive speaker.

A nationally televised Reagan campaign speech brought in more than \$150,000 in small donations—more than was raised by any other speaker or rally, says Walter Knott, chairman of the Goldwater-Miller National TV Committee.

play Melodyland with me?"

Peggy asked.

"Why not?" answered Benny. So here they are. If the engagement is a success, it may lead to more engagements together.

The whole thing started, Benny recalled, when he and his wife dropped in for a nightcap in the Buttery of the Ambassador Hotel in Chicago.

"I heard this girl sing and right away I knew she had something," he said. "I was always looking for new talent, so I decided to give her a try."

Peggy made her debut in the Flame Room of the Sherman Hotel, and she was admittedly bad.

"I was painfully shy — had no stage presence whatever," she said. "All the songs were in Helen Forrest's key, and she sang higher than I did. The reviews were horrible and even the boys in the orchestra wouldn't talk to me — I might have fainted if they did."

Peggy was ready to pack up and head back for North Dakota, but Benny talked her out of it. He told her she would improve; and she did. She started clicking with records of "Somebody Else Is Taking My Place" and "Why Don't You Do Right" and other numbers now cherished by aging swingsters.

She quit the band to be a housewife and mother, but husband Dave Barbour convinced her to make some records for Capitol. She embarked once more on a career that has continued to flourish.

Houston Dome Still Topic of Controversy

By THE ASSOCIATED PRESS
There is nothing like a dome
Nothing in the world.
There is no ball park called home
That has quirks like a dome.
—Houston Astros, 1965

That refrain may become quite popular in Houston, where the Astros have played their first day game under painted panes — and found the tinted skylights on the \$31-million stadium may not have fully solved a glaring problem.

With the 5,496 panes in the roof of the Astrodome painted white in an attempt to keep out the glare of the sun, the Astros defeated Pittsburgh 5-4 in 11 innings Sunday, completing the first test of the new system without any of 16 fly balls being dropped.

And it seemed like the problem had been solved. Paul Richards, general manager of the Astros, thought so. But there were dissenters.

"It is a lot better but there are still some problems," said Houston center fielder Jim Wynn. "I lost one ball but managed to find it."

"When the sun is really shining brightly I don't believe you'll be able to see the ball," said right fielder Roberto Clemente of the Pirates, who pointed out that the day was slightly overcast.

In baseball, meanwhile, Philadelphia defeated the Los Angeles Dodgers, 6-4, San Francisco shut out New York 5-0 before the Mets took the nightcap 4-3 in the only National League games played, and the New York Yankees swept a doubleheader from the Los Angeles Angels 3-2 and 1-0 in the only American League games played.

All the other teams were rained out.

The Astros pushed across the winning run in the 11th on a single by Bob Aspromonte, a pair of walks, and Joe Morgan's single.

John Bateman hit a homer for Houston, his fourth, for a 3-1 lead in the fifth but the Pirates came from behind twice to tie it before Morgan's game-winner.

The Phillies continued their hex over Don Drysdale, beating the Dodger right-hander for the ninth straight time dating back to June 1962.

Dick Stuart drove in four runs for the Phillies with a double and homer as Drysdale was shelled for eight hits and four runs in five innings. Ray Herbert got the victory, his first as a National Leaguer.

Juan Marichal pitched a five-hitter for the Giants in the opener, getting the only runs he needed when Willie McCovey smacked a two-run homer off Al Jackson in the first inning.

Warren Spahn, the Mets' 44-year-old left-hander, won the nightcap with a seven-hitter after keeping the Giants hitless for 5 2-3 innings. Rookie Ron Swoboda drove in three runs with a homer and double.

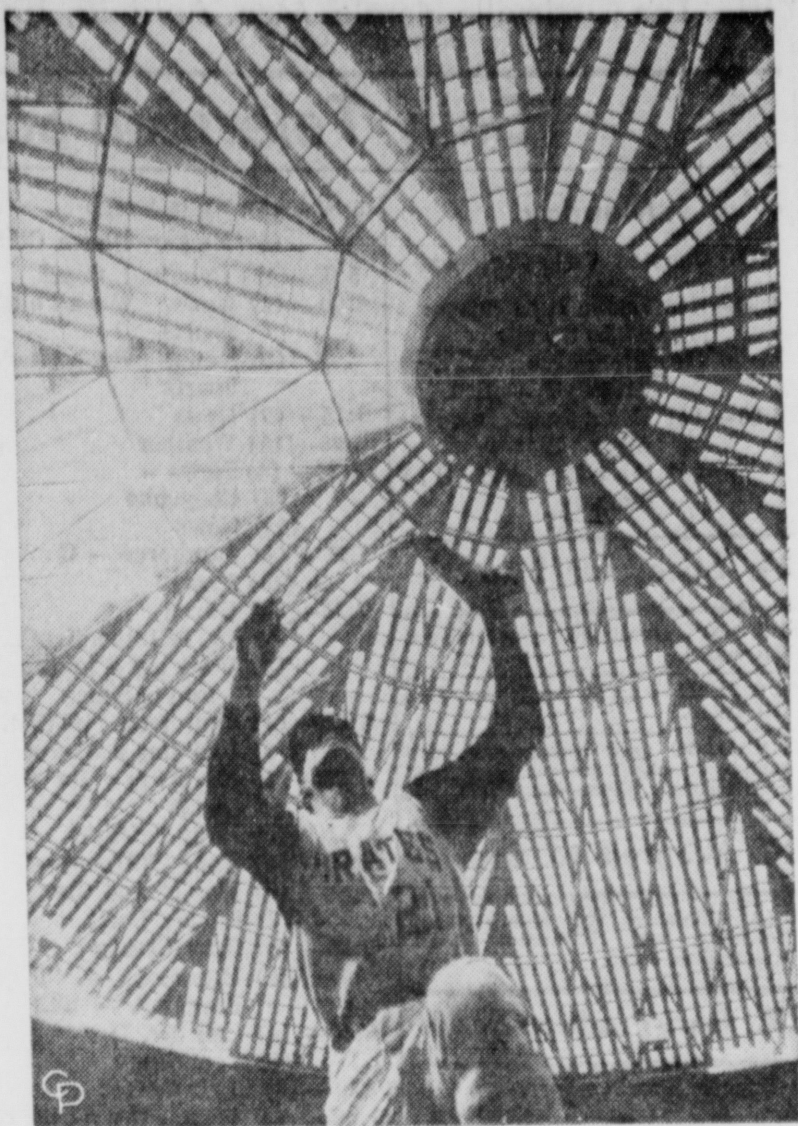

Elston Howard's run-scoring double in the sixth inning proved decisive for the Yankees in the opener. Whitey Ford, chased in the seventh after allowing six hits and both Angel runs, was the winner with relief help from Pedro Ramos.

Mel Stottlemyre throttled the Angels on three hits in the second game while Mickey Mantle's fourth homer, off rookie Rudy May, provided the Yankee run.

Matinee Rescheduled

The Annual Spring Harness Matinee at the Pickaway County Fairgrounds was rained out yesterday. The event will be held Sunday.

Co-captains for the University of Arizona 1965 football team are Tom Malloy, linebacker from Nutley, N. J., and Jim Pazerski, left tackle from Pittsburgh, Pa.

LOOKING FOR HELP—The Pirates' Roberto Clemente looks skyward in the Houston domed stadium for a fly ball after part of it had been given a paint treatment to reduce the sun glare during day games. Panels to the upper left still haven't been sprayed.

Teays Valley High Fields Golf Team

Teays Valley High School is fielding a golf team for the first time this year since the school opened.

John Strapp, varsity golf coach, has a team of 12 promising linksters.

Strapp believes the biggest asset of this year's team is its youth. The squad is composed entirely of underclassmen, many of whom have only been playing a short while.

"We're not going to set the world on fire this year," Strapp comments. "But I'm looking for big things from these boys in years to come."

TEAM members are Ron Leatherwood, Mike Binion,

GI's Return Gives Indians Heavy Roster

CLEVELAND (AP) — Birdie Tebbetts has a manpower problem—courtesy of the U.S. Army.

Infielder — outfielder Chico Salmon is back after a six-month tour of duty, which means the Cleveland Indians manager has to cut someone from the roster by May 11 to get down to 28.

The roster drops to a 25-player limit the following day, so Tebbetts has three additional players to cut after he makes room for Salmon.

Tebbetts had time to mull over his problem Sunday when rain washed out the Indians game with the Kansas City Athletics. The Tribe opens a two-game series with the Minnesota Twins Tuesday night.

The rain also crimped Tebbetts' pitching rotation. Jack Kralick was supposed to pitch Sunday but it now appears he'll be sidetracked and Sam McDowell will be opening against the Twins.

"I've got to get Kralick started," Tebbetts said. "I know that. Sonny Siebert, too. But how can I with weather like this and the schedule as loose as it is?"

"If I pitch Kralick today and move McDowell back to Wednesday and we run into another rainy day before New York comes in, Sam either loses a start or gets bumped from the Yankee series." The Yanks are in town for a three-game series May 4-6.

McIntire Crowned As Queen Again

PINEHURST, N.C. (AP) — Four North and South Women's Amateur Golf Championships in nine years. That's the record of Barbara McIntire, two-time winner of the national title, who has become the third most frequent winner of the 63-year-old classic.

Her 1-up victory over Nancy Roth in Saturday's 18-hole final left the dimpled 30-year-old from Colorado Springs, Colo., within striking distance of two records that seemingly were untouchable.

Mrs. Estelle Lawson Page won seven North and South titles in 11 years, starting in 1935. Glenna Collett took six, from 1922 through 1939.

Celtics Win 7th Straight Title

BOSTON (AP)—Bill Russell, giant rallying figure of the ceaseless Celtics, called it "the most satisfying year of all."

A few hours later, he was confined to bed, suffering from undetermined injuries to his right eye.

Russell, who led Boston to an overpowering 129-96 triumph over Los Angeles Sunday for the Celtics' seventh straight National Basketball Association title, was ordered to bed Sunday night for treatment of injuries received when the Lakers' Jerry West accidentally poked him in the eye.

Dr. Baruch Sachs, an eye spe-

cialist, said the big center's condition was "a lot more serious than first thought" and "has got to be treated very carefully."

Dr. Sachs said internal hemorrhaging had resulted. He ordered Russell to bed for four or five days.

Neither Dr. Sachs nor the Celtics would say if there was danger of Russell's eyesight being impaired.

Hall-Adkins Keglers Make Good Showing in Tourney

The American Legion's 7th District Bowling Tournament was completed Saturday and Sunday at the local Prairie Lanes Recreation Center.

Taking part in the 4th annual tourney were 28 teams from the Legion's 7th District's Convention scheduled June 6 in Washington C. H.

Winning the Don Brown trophy for high single scratch game was Harold Stonerock of Hall-Adkins Post. He earned the honor on a 233.

High game with handicap for the day was turned in by Harry Clifton of Circleville who chalked a 245. High series was Bob Wood on a 653.

THREE kegler teams from Circleville's Hall-Adkins Post and two from the Williamsport post placed in the first nine for team events. The Circleville Scrubs were third, the Rejects sixth and Tip Tops eighth. Finishing fourth and fifth for Williamsport were Teams 1 and 2.

The best score in the team event was registered by Team No. 2 of Portsmouth. The squad rolled a 3040.

Posting top score in the doubles event was the duo of Ralph Ankrom and Robert Moon of Circleville. They walked off with the honors in a 1286.

Finishing fourth in the doubles were Carl Radcliff Jr. and Webb Haynes with a 1238. Bill Metcalf and L. Richardson gained seventh place. There were 43 two-men teams participating.

Reaping top honors in the singles event was Lester Wolford of the Williamsport Post. He had a 689.

Dick Robbins of Circleville and Weiss of Waverly tied for third in the singles with a 643. Also earning places in this cate-

gory were Dick Moon, Harold Stonerock, Chet Iery and T. Berger, all of Circleville.

...

ROBERT MOON was second in the all events class with an 1891 and Clark Martin was third with an 1880. Gene Hoover of Williamsport rolled an 1837 for sixth.

The all - events was won by Weiss of Waverly. He knocked over 1941 pins. There were 86 participants in the event.

...

Columbus Woman Leads Pin Tourney

MIDDLETOWN, Ohio (AP)—Donna Doyle, 30, was popping in pills as fast as she was knocking down bowling pins. Mrs. Doyle was taking the pills for a cold and she was ready to quit.

But she didn't, and as a result the Columbus woman took over first place in the singles and all-events of the 39th Annual Ohio Women's Bowling Tournament.

Saturday night, Mrs. Doyle rolled a 665 actual score—the highest actual series in any category in the tournament to date—and with her handicap took over first place in the singles with a 731. She replaced Lucy Kennedy of Tipp City, who had led the singles for several weeks with a 706. Mrs. Doyle also leads the all-events with a 1,835.

John C. West of Philadelphia will captain Yale's 1965-66 squash team. He succeeds Bryce Appleton of Suvarita, Ariz., captain the last two seasons.

"I'll say it again. This is the greatest team I ever saw," said Los Angeles Coach Fred Schaus, whose team was eliminated in five games without All-Star forward Elgin Baylor, hobbled by a knee ailment.

"That Boston four-man defensive press and then to find Russell waiting for you under the basket — that's a helluva sight," added Schaus.

In the jubilant Celtics' dressing room after the game, Russell said the team had dedicated the season to Walter Brown, late club owner and founder.

"The season was something special because we broke the record with 62 victories. Then we proved we were worthy of it in the playoffs," Russell said.

"Naturally the first championship is still the biggest one for me," Coach Red Auerbach said. "But when we broke the record for victories this year I really wanted to win to prove we were the greatest team."

For the second straight game and the 11th of their last 22 playoff starts, the Celtics held a rival under 100 points. They held Dick Barnett scoreless after he had averaged 17.5 in the first four games. Tiring West scored 33 but only 12 before intermission. He averaged 40.6 for 11 playoff games.

Boston ran off 20 straight points at the start of the final period for an insurmountable 107-71 bulge. The 20 Celtics' field goals in that quarter were a playoff championship record. Russell scored 22 points, grabbed 30 rebounds and had four assists before leaving to a thunderous ovation six minutes before the end. Sam Jones also had 22, K.C. Jones tied his personal game high with 20, Johnny Havlicek added 18 and Tom Sanders 16.

"I'll say it again. This is the greatest team I ever saw," said Los Angeles Coach Fred Schaus, whose team was eliminated in five games without All-Star forward Elgin Baylor, hobbled by a knee ailment.

"That Boston four-man defensive press and then to find Russell waiting for you under the basket — that's a helluva sight," added Schaus.

TV Track Meet Halted by Rain

A heavy downpour Saturday morning halted the Teays Valley Invitational track meet shortly after it had started.

Marion Waits, head track coach at Teays Valley, announced today the event has been rescheduled for May 24.

Field events are to begin at 4 p.m. and track events 30 minutes later.

VOTE YES ON ISSUE 3

Keep Home Rule In Ohio

Is Ohio Going to Run Ohio—or Is the Federal Government Going to Run Ohio?

HERE ARE THE COLD HARD FACTS—The Federal Court has ruled that the present method of apportionment for the Ohio House of Representatives is unconstitutional. And there is no appeal from the Court's ruling.

WHAT CHOICE DO YOU, AN OHIO VOTER, NOW HAVE?

1. YOU CAN VOTE YES TO AMEND THE STATE CONSTITUTION, TO BRING IT IN LINE WITH THE COURT'S "ONE-MAN, ONE-VOTE" RULING.

OR

2. YOU CAN STAY HOME AND LET THE FEDERAL GOVERNMENT DECIDE HOW YOUR STATE REPRESENTATIVES ARE TO BE ELECTED.

No matter what your party, what you do or how you vote, the Ohio House will be reapportioned. THE QUESTION IS:—do you want to do it or have the Federal Government dictate it?

WHAT HAPPENS WHEN YOU VOTE?

IF YOU VOTE "YES" ON ISSUE 3—the Apportionment Issue—on May 4, you will be voting for Home Rule—not Federal Rule—of the Ohio House.

IF YOU VOTE "NO" ON ISSUE 3—you will vote to substitute Federal Rule for Home Rule. If Ohio does not vote its own reapportionment, THE FEDERAL GOVERNMENT WILL DICTATE ITS OWN APPORTIONMENT PLAN FOR OHIO. This is the ONLY alternative.

Who, then, wants you to vote AGAINST Issue 3? The answer is simple:

BIG CITY POLITICIANS—so the big cities can dominate the legislature.

BIG LABOR BOSSES—so the AFL-CIO can control Ohio Government.

BIG GOVERNMENT BUREAUCRATS—who want the Federal Government to decide everything; who think the little man isn't able to decide for himself.

KEEP HOME RULE IN OHIO

Houston Dome Still Topic of Controversy

By THE ASSOCIATED PRESS
There is nothing like a dome
Nothing in the world.
There is no ball park called home
That has quirks like a dome.
—Houston Astros, 1965

That refrain may become quite popular in Houston, where the Astros have played their first day game under painted panes — and found the tinted skylights on the \$31-million stadium may not have fully solved a glaring problem.

With the 5,496 panes in the roof of the Astrodome painted white in an attempt to keep out the glare of the sun, the Astros defeated Pittsburgh 5-4 in 11 innings Sunday, completing the first test of the new system without any of 16 fly balls being dropped.

And it seemed like the problem had been solved. Paul Richards, general manager of the Astros, thought so. But there were dissenters.

"It is a lot better but there are still some problems," said Houston center fielder Jim Wynn. "I lost one ball but managed to find it."

"When the sun is really shining brightly I don't believe you'll be able to see the ball," said right fielder Roberto Clemente of the Pirates, who pointed out that the day was slightly overcast.

In baseball, meanwhile, Philadelphia defeated the Los Angeles Dodgers, 6-4, San Francisco shut out New York 5-0 before the Mets took the nightcap 4-3 in the only National League games played, and the New York Yankees swept a doubleheader from the Los Angeles Angels 3-2 and 1-0 in the only American League games played.

All the other teams were rained out.

The Astros pushed across the winning run in the 11th on a single by Bob Aspromonte, a pair of walks, and Joe Morgan's single.

John Bateman hit a homer for Houston, his fourth, for a 3-1 lead in the fifth but the Pirates came from behind twice to tie it before Morgan's game-winner.

The Phillies continued their hex over Don Drysdale, beating the Dodger right-hander for the ninth straight time dating back to June 1962.

Dick Stuart drove in four runs for the Phillies with a double and homer as Drysdale was shelled for eight hits and four runs in five innings. Ray Herbert got the victory, his first as a National Leaguer.

Juan Marichal pitched a five-hitter for the Giants in the opener, getting the only runs he needed when Willie McCovey smacked a two-run homer off Al Jackson in the first inning.

Warren Spahn, the Mets' 44-year-old left-hander, won the nightcap with a seven-hitter after keeping the Giants hitless for 5 2/3 innings. Rookie Ron Swoboda drove in three runs with a homer and double.

Elston Howard's run-scoring double in the sixth inning proved decisive for the Yankees in the opener. Whitey Ford, chased in the seventh after allowing six hits and both Angel runs, was the winner with relief help from Pedro Ramos.

Mel Stottlemyre throttled the Angels on three hits in the second game while Mickey Mantle's fourth homer, off rookie Rudy May, provided the Yankee run.

Matinee Rescheduled
The Annual Spring Harness Matinee at the Pickaway County Fairgrounds was rained out yesterday. The event will be held Sunday.

Co-captains for the University of Arizona 1965 football team are Tom Malloy, linebacker from Nutley, N. J., and Jim Pazerski, left tackle from Pittsburgh, Pa.

LOOKING FOR HELP—The Pirates' Roberto Clemente looks skyward in the Houston domed stadium for a fly ball after part of it had been given a paint treatment to reduce the sun glare during day games. Panels to the upper left still haven't been sprayed.

Teays Valley High Fields Golf Team

Teays Valley High School is fielding a golf team for the first time this year since the school opened.

John Strapp, varsity golf coach, has a team of 12 promising linksters.

Strapp believes the biggest asset of this year's team is its youth. The squad is composed entirely of underclassmen, many of whom have only been playing a short while.

"We're not going to set the world on fire this year," Strapp comments. "But I'm looking for big things from these boys in years to come."

TEAM members are Ron Leatherwood, Mike Binion,

Mark McMellon, Bill Welsh, all sophomores; Joe Leatherwood, Bill Huston, Dave Prindle, Jim Ridenour, Dean Reigal, all juniors and freshmen Bob Welsh, Mark Coon, Jim Pribble.

To date the Vikings have lost to Hamilton and have defeated Miami Trace.

The Teays Valley golfers practice and play their home matches on Upper Lansdowne Golf Links, owned and operated by Don Collins.

Here is the Viking schedule: April 27 at Hamilton Twp. April 28—Pleasant View and Franklin Heights.

May 1 at Circleville May 5 at Circleville May 8 South Suburban Tournament at Upper Lansdowne May 12 Upper Arlington Junior Varsity May 19 Miami Trace May 21 District

A black and white comic book panel showing a character from behind, wearing a backpack and holding a device, looking into a cave opening. The character is wearing a dark jacket and a backpack. The cave opening is a jagged, rocky hole in the ground. The text is in a bold, sans-serif font, typical of comic book dialogue.

New York, N. Y. (Special) — For the first time, science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have been" or "so be a problem!"

The secret is a new healing substance (Bio-Dyne3) — discovery of a world-famous research institution.

This substance is now available in suppository or ointment form under the name **Preparation H** at all drug counters.

After 35, common Kidney or Bladder Irritations often occur and may make you tense and nervous from too frequent passages both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, **CYSTE**X usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get **CYSTE**X at drugstore. Feel better fast.

GOSPEL SINGERS — The Fishermen Gospel Quartet from Chillicothe will appear at a Gospel Sing sponsored by the Salt Creek Twp. Parent Teacher Organization 7:30 p. m. Saturday. Members of the quartet are, left to right, Harold Phillips, pianist and baritone; Rusty Cutlip, first tenor; Clyde Sundheimer, second tenor; Tom Thacker, bass.

Pickaway Grange Report

SALT CREEK VALLEY
Salt Creek Valley Grange met in regular session on April 20 with Worthy Master Russell Miller in charge.

Donations were made to Capital Grange in Franklin County for a needy fellow member and to the American National Red Cross for assistance with a recent tragedy.

Dan DeLong, team captain, announced that the Pickaway County Grange Youth Drill team won second in the State contest held April 10 at Hebron. Five members of Salt Creek Grange cooperated in the contest.

Mrs. Judson Beougher helped in making plans for the annual Home Economics contest which will be a part of the meeting May 18th. Members were urged to cooperate with the baking

and smoking entries. Due to the primary election and other community responsibilities of members, it was decided to dispense with the May 4 session.

An announcement was given to the Spring Pomona meeting May 7, 8 p. m. at Scioto Valley Grange Hall, north of Ashville.

Wayne Crider, legislative Agent, discussed the hows and whys of voting. Special emphasis was given the current issue related to representation.

The beginning program number was a dramatic and humorous conversation between Mrs. Fred DeLong and Mrs. Carl Dean Sr. Self-accompanied, Paul Dunkle sang, "My Bible Tells Me So". A concluding meditation on the benefits of kindness was given by the Worthy Lecturer, Mrs. Russell Miller.

Refreshments were served by Mr. and Mrs. Roy Fraunfelder and Mr. and Mrs. Francis Fraunfelder.

Cuts Head Berger List

Lacerations headed the list of injuries for six persons who received emergency care in Berger Hospital during the weekend. All were treated and released.

Paul Dean, 20, Washington C. H., fell while working at Circleville Metal and suffered a laceration below his right eye.

Maude Kiser, 32½ E. Mound St., fell at home and lacerated her left arm on a kitchen table.

Brett Snouffer, 5, son of Mr. and Mrs. Richard Snouffer, 916 Lincoln Drive, fell while playing and lacerated the inside of his mouth.

Corene Valentine, 12, daughter of Mr. and Mrs. Roger Valentine, Tarleton, fell on a nail in a barn and punctured her left hip.

Joyce Haddock, 18, of 213 E. Main St., lacerated her right wrist while washing a glass coffee pot.

Hazel Redman, 29, Neuding Trailer Court, dropped a glass and lacerated her left foot.

Circleville, Ohio

Illinois . . .

(Continued from Page One)

Island Sunday, covering the equivalent of a 54-block industrial area with six feet of water. The 400 residents had been evacuated.

The latest reading of the waters in Rock Island, a city of 51,000 in the northwestern corner of Illinois near the Iowa border, was 21 feet. Flood stage is 15 feet. A crest of 22½ feet is expected Tuesday or Wednesday.

One-third of East Moline's 2,000 residents have been evacuated.

More than 20 blocks of the city's Watertown area are under water.

An official said that 166 of 188 houses in an East Moline housing authority were inundated.

Volunteers reinforced an emergency dike to hold the flood waters from Moline's water plant. Officials feared the quarter-mile dike might break, knocking out the water supply for the city's 48,000 residents.

Mayor James Arndt of Moline urged residents to store enough water for a week.

In Bettendorf, Iowa, across the river from East Moline, officials said the town's only levee covering one side of the community would not hold. Many of the town's 11,500 persons worked on reinforcing the levee.

In Davenport, Iowa, workmen waded through waist-deep water to remove mechanisms from parking meters so they would not rust when the crest hits.

The river apparently leveled in Dubuque. The rain-soaked Dubuque dikes held as the river reached its apparent crest nearly 10 feet above flood stage.

"I am confident we have this thing licked," said Mayor Robert Horgan of Dubuque. "We are going to win."

Damage in Illinois was estimated by Gov. Otto Kerner at \$30 million.

Mr. and Mrs. John Coleman, 335 E. Mound St., are the parents of an 8-pound 11½-ounce son born 2:02 p. m. yesterday in Berger Hospital.

MASTER COLE

Mr. and Mrs. Grant Cole, 459 E. Ohio St., are the parents of a 6-pound 9-ounce son born 11:21 a. m. yesterday in Berger Hospital.

Business Briefs

Mr. and Mrs. Jack McGuire, 833 Atwater Ave., attended the Motorists Mutual Insurance Company's 36th Agents' Annual Convention Friday and Saturday at the Neil House in Columbus.

More than 700 leading agents, employees, and their wives from six mid-western states participated in the two-day program. The sessions started with the annual banquet for honor club agents. An initiation ceremony inducted new agents who qualified for honor status.

Saturday's program was devoted to education and instruction in the fire and casualty insurance field. The meeting ended with a banquet Saturday night with H. Roe Bartle, humanitarian and former Mayor of Kansas City, Mo., giving the address.

Vodrey Named as Head Of Historical Group

COLUMBUS, Ohio (AP)—The new president of the Ohio Historical Society is William H. Vodrey, East Liverpool attorney, newspaper and radio executive.

He was elected Saturday to succeed Fred J. Milligan, Columbus attorney, to the post. Milligan was named to the newly created post of legal counsel.

Since 1890 the American republics have held 10 inter-American conferences.

Man Shoots Self in Leg

A 23-year-old Columbus man shot himself in the leg yesterday while target shooting along the Scioto River in Pickaway County, it was reported by the local Sheriff's Department.

The man was identified as Charles Raymond Horvath. The accident occurred under the bridge on Route 762.

He was treated at a Columbus hospital. The incident was reported to the local department by the Franklin County Sheriff's Department. They said the wound was of a minor nature.

The injury was inflicted by a .22 caliber revolver.

Teenage Sniper Kills 2, Hurts 11

SANTA MARIA, Calif. (AP)—A 16-year-old boy, hidden by waving grass on a windy hillside, fired down with a high-powered rifle on passing cars on busy U.S. 101 Sunday.

Michael Andrew Clark killed two persons, injured 11, engaged officers in a rattling, 1½-hour gunfire exchange and then took his own life by shooting himself between the eyes.

Authorities said the sniper's parents, Forrest and Joyce Clark of Long Beach, 200 miles south of the battle scene, reported the boy had run away from home Saturday night in the family car.

Sunday afternoon, the couple identified their son's clothes, broken eyeglasses, a cigarette lighter emblazoned with a Playboy bunny emblem — and his body.

Officers quoted Mrs. Clark as saying: "I just can't understand it. I'd like to talk to those poor people who were shot at. But what can I say?"

Killed by bullets from the youth's 30-06 Swedish Mauser deer rifle, equipped with a telescopic sight, were Charles Christopher Hogan, 21, of San Luis Obispo, and Joel W. Kocab, 28, of Los Angeles.

Of the wounded, two were critically hurt—Bill Reida, 42, of Norwalk, shot in the neck and shoulder, and his son, Kevin Dean, 5, shot in the head. The child was in critical condition after brain surgery at Santa Barbara's Cottage Hospital, 160 miles south. Another son, Kim Allen, 3, also was shot in the head but not seriously hurt. Two daughters, Kelly Ann, 8, and Susan, 8 months, escaped injury.

The gunfire exchange with officers began after the boy shot into the Reida car. Lucille Reida, 44, who suffered minor wounds from flying glass and metal, pushed her husband aside and drove the car out of range. She told officers later, she had never driven before.

An unidentified truck driver drove the Reida family eight miles north to a hospital in Santa Maria, 180 miles north of Los Angeles.

Then, more than 50 Santa Barbara County sheriff's deputies, Santa Maria policemen and California Highway Patrol officers converged on the scene, after halting traffic for several miles on either side of the battle area.

The youth by then had hit seven vehicles, including Reida's, a police car, two trucks and one of three ambulances that raced to the scene. Seven other persons were wounded by bullets, bullet fragments or flying glass, none seriously.

Officers fired from behind a barricade provided by truck driver Lloyd Ritchie, 41, of Van Nuys, who crouched low over his wheel and drove his oil-tool rig directly into the youth's rifle range.

Sheriff's detective Mike Swan termed Ritchie "a wonderful citizen, one of the bravest men I've ever met."

Highway patrol Lt. John Lowe described the scene this way: "The sniper was about 50 yards west of passing cars, shooting down from a 45-degree slope. The grass is about 2 feet high and we couldn't see him till he'd stick his head up to fire."

"Finally the sniper stood up, waved, yelled something and dropped back into the grass. We heard a muffled shot and thought he had shot himself. Other officers crawled up the embankment through the grass. He had."

The officers found Clark, face down on the slope, a bullet between his eyes, his rifle beside him.

Mrs. Clark said her son, a high school junior, had left home about 8 p.m. Saturday, taking \$15 from her purse, \$85 of his own money and the parents' gasoline credit cards.

The parents told officers they didn't know then he had taken the rifle, but Clark said, "I don't think he had shot that rifle for three years."

Police Capt. Robert D. Sudlow said the parents described their son as "a good boy, a good student, with no mental problems."

Pickaway Grange Report

SALT CREEK VALLEY

Salt Creek Valley Grange met in regular session on April 20 with Worthy Master Russell Miller in charge.

Donations were made to Capital Grange in Franklin County for a needy fellow member and to the American National Red Cross for assistance with a recent tragedy.

Dan DeLong, team captain, announced that the Pickaway County Grange Youth Drill team won second in the State contest held April 10 at Hebron. Five members of Salt Creek Grange cooperated in the contest.

Mrs. Judson Beougher helped in making plans for the annual Home Economics contest which will be a part of the meeting May 18th. Members were urged to cooperate with the baking

and smoking entries.

Due to the primary election and other community responsibilities of members, it was decided to dispense with the May 4 session.

An announcement was given to the Spring Pomona meeting May 7, 8 p. m. at Scioto Valley Grange Hall, north of Ashville.

Wayne Crider, legislative Agent, discussed the hows and whys of voting. Special emphasis was given the current issue related to representation.

The beginning program number was a dramatic and humorous conversation between Mrs. Fred DeLong and Mrs. Carl Dean Sr. Self-accompanied, Paul Dunkle sang, "My Bible Tells Me So". A concluding meditation on the benefits of kindness was given by the Worthy Lecturer, Mrs. Russell Miller.

Refreshments were served by Mr. and Mrs. Roy Fraunfelder and Mr. and Mrs. Francis Fraunfelder.

Teenage Sniper Kills 2, Hurts 11

SANTA MARIA, Calif. (AP)

A 16-year-old boy, hidden by waving grass on a windy hillside, fired down with a high-powered rifle on passing cars on busy U.S. 101 Sunday.

Michael Andrew Clark killed two persons, injured 11, engaged officers in a rattling, 1½-hour gunfire exchange and then took his own life by shooting himself between the eyes.

Authorities said the sniper's parents, Forrest and Joyce Clark of Long Beach, 200 miles south of the battle scene, reported the boy had run away from home Saturday night in the family car.

Sunday afternoon, the couple identified their son's clothes, broken eyeglasses, a cigarette lighter emblazoned with a Playboy bunny emblem — and his body.

Officers quoted Mrs. Clark as saying: "I just can't understand it. I'd like to talk to those poor people who were shot at. But what can I say?"

Killed by bullets from the youth's 30-06 Swedish Mauser deer rifle, equipped with a telescopic sight, were Charles Christopher Hogan, 21, of San Luis Obispo, and Joel W. Kocab, 28, of Los Angeles.

Of the wounded, two were critically hurt—Bill Reid, 42, of Norwalk, shot in the neck and shoulder, and his son, Kevin Dean, 5, shot in the head. The child was in critical condition after brain surgery at Santa Barbara's Cottage Hospital, 160 miles south. Another son, Kim Allen, 3, also was shot in the head but not seriously hurt. Two daughters, Kelly Ann, 8, and Susan, 8 months, escaped injury.

The gunfire exchange with officers began after the boy shot into the Reida car. Lucille Reida, 44, who suffered minor wounds from flying glass and metal, pushed her husband aside and drove the car out of range. She told officers later, she had never driven before.

An unidentified truck driver drove the Reida family eight miles north to a hospital in Santa Maria, 180 miles north of Los Angeles.

Then, more than 50 Santa Barbara County sheriff's deputies, Santa Maria policemen and California Highway Patrol officers converged on the scene, after halting traffic for several miles on either side of the battle area.

The youth by then had hit seven vehicles, including Reida's, a police car, two trucks and one of three ambulances that raced to the scene. Seven other persons were wounded by bullets, bullet fragments or flying glass, none seriously.

Officers fired from behind a barricade provided by truck driver Lloyd Ritchie, 41, of Van Nuys, who crouched low over his wheel and drove his oil-tool rig directly into the youth's rifle range.

Sheriff's detective Mike Swan termed Ritchie "a wonderful citizen, one of the bravest men I've ever met."

Highway patrol Lt. John Lowe described the scene this way: "The sniper was about 50 yards west of passing cars, shooting down from a 45-degree slope. The grass is about 2 feet high and we couldn't see him till he'd stick his head up to fire."

"Finally the sniper stood up, waved, yelled something and dropped back into the grass. We heard a muffled shot and thought he had shot himself. Other officers crawled up the embankment through the grass. He had."

The officers found Clark, face down on the slope, a bullet between his eyes, his rifle beside him.

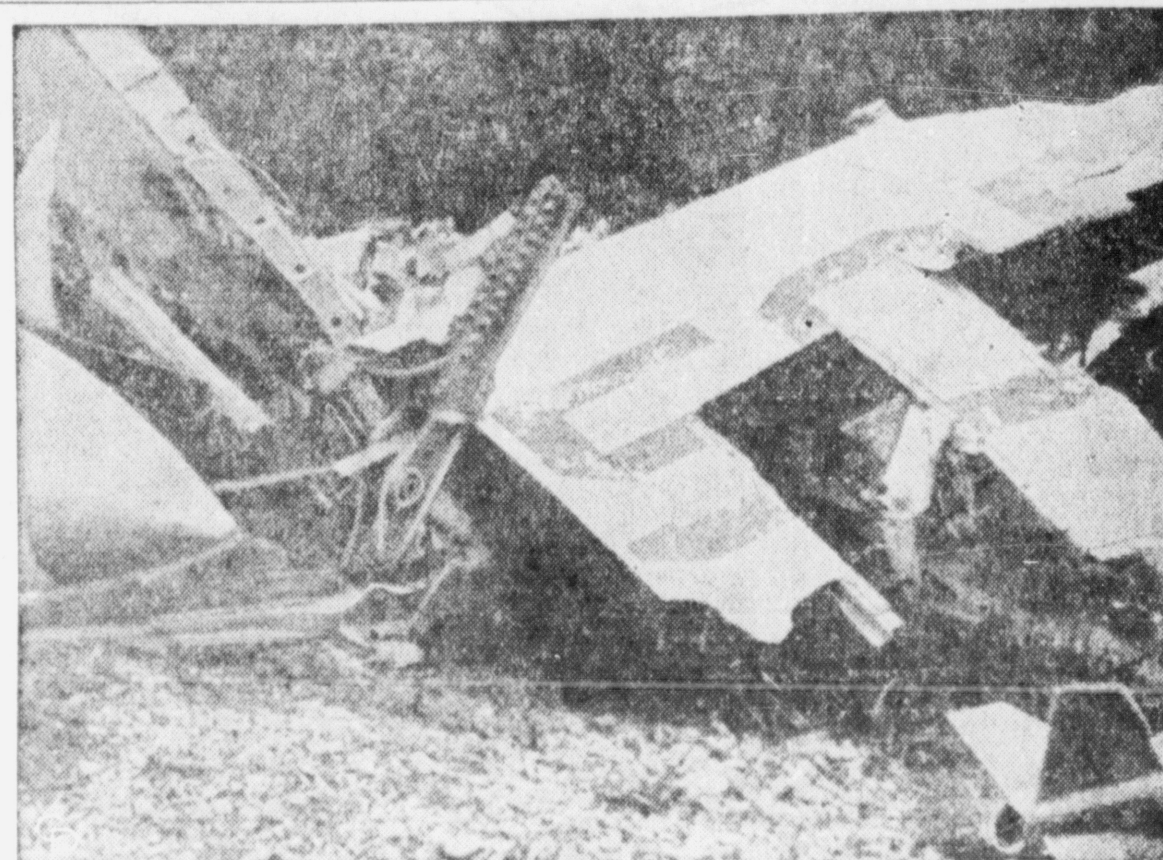

Mrs. Clark said her son, a high school junior, had left home about 8 p.m. Saturday, taking \$15 from her purse, \$85 of

his own money and the parents' gasoline credit cards.

The parents told officers they didn't know then he had taken the rifle, but Clark said, "I don't think he had shot that rifle

for three years."

Police Capt. Robert D. Sudlow said the parents described their son as "a good boy, a good student, with no mental problems."

Cuts Head Berger List

Lacerations headed the list of injuries for six persons who received emergency care in Berger Hospital during the weekend. All were treated and released.

Paul Dean, 20, Washington C. H., fell while working at Circleville Metal and suffered a laceration below his right eye.

Maude Kiser, 32½ E. Mound St., fell at home and lacerated her left arm on a kitchen table.

Brett Snouffer, 5, son of Mr. and Mrs. Richard Snouffer, 916 Lincoln Drive, fell while playing and lacerated the inside of his mouth.

Corene Valentine, 12, daughter of Mr. and Mrs. Roger Valentine, Tarlton, fell on a nail in a barn and punctured her left hip.

Joyce Haddock, 18, of 213 E. Main St., lacerated her right wrist while washing a glass coffee pot.

Hazel Redman, 29, Neuding Trailer Court, dropped a glass and lacerated her left foot.

ADKINS REALTY CO.
GR 4-5504 GR 4-2061

Illinois . . .

(Continued from Page One)

Island Sunday, covering the equivalent of a 54-block industrial area with six feet of water. The 400 residents had been evacuated.

The latest reading of the waters in Rock Island, a city of 51,000 in the northwestern corner of Illinois near the Iowa border, was 21 feet. Flood stage is 15 feet. A crest of 22½ feet is expected Tuesday or Wednesday.

One-third of East Moline's 2,000 residents have been evacuated.

More than 20 blocks of the city's Watertown area are under water.

An official said that 166 of 188 houses in an East Moline housing authority were inundated.

Volunteers reinforced an emergency dike to hold the flood waters from Moline's water plant. Officials feared the quarter-mile dike might break, knocking out the water supply for the city's 48,000 residents.

Mayor James Arndt of Moline urged residents to store enough water for a week.

In Bettendorf, Iowa, across the river from East Moline, officials said the town's only levee covering one side of the community would not hold. Many of the town's 11,500 persons worked on reinforcing the levee.

In Davenport, Iowa, workmen waded through waist-deep water to remove mechanisms from parking meters so they would not rust when the crest hits.

The river apparently leveled in Dubuque. The rain-soaked Dubuque dikes held as the river reached its apparent crest nearly 10 feet above flood stage.

"I am confident we have this thing licked," said Mayor Robert Horgan of Dubuque. "We are going to win."

Damage in Illinois was estimated by Gov. Otto Kerner at \$30 million.

Need Still Exists For Enumerators

Enumerators are still needed to compile necessary information on all local students for the coming school year, according to Mrs. Mary M. Yates, chief enumerator.

Mrs. Yates, who also is the Circleville attendance officer, said enumerators will be paid five cents for each name recorded during the enumeration. Persons interested may contact her at the high school or at her home.

Information will be compiled on all children in the Circleville School System between the ages of 5-18, starting May 1.
